REPORT	
Name of the workshop/	Workshop on Recent Trends in Energy Conservation
seminar/ conference	
Date	25/04/2021
Number of Participants	29
Venue	Virtual Mode
Name of the Resource Persons	Prof. Bhushan Bhati

On April 25, 2021, Indira Mahavidyalaya in Kalamb conducted a transformative virtual workshop titled "Recent Trends in Energy Conservation," with 29 enthusiastic participants joining from various locations. The workshop, held in virtual mode, aimed to explore innovative strategies and emerging technologies in energy conservation under the expert guidance of Prof. Bhushan Bhati.

The virtual setting facilitated seamless interaction and engagement, fostering a dynamic learning environment for all attendees. Prof. Bhati, renowned for his expertise in the field, adeptly navigated the digital platform, captivating participants with his insights and knowledge.

The workshop commenced with a warm welcome, setting the stage for an insightful exploration of energy conservation trends. Prof. Bhati's presentations were both informative and engaging, covering a wide range of topics including renewable energy sources, energyefficient technologies, and smart grid systems.

Throughout the workshop, participants were exposed to practical demonstrations and case studies, providing tangible examples of successful energy conservation initiatives. Prof. Bhati's emphasis on the practical implications of energy conservation resonated with attendees, inspiring them to explore actionable strategies for implementing sustainable practices in their everyday lives.

The Virtual Workshop on Recent Trends in Energy Conservation at Indira Mahavidyalaya, Kalamb, served as a testament to the institution's commitment to promoting environmental consciousness and sustainability in the digital age.
