इंदिरा महाविद्यालय कळंब, येथे वृक्ष संवर्धनाचा कार्यक्रम संपन्न

नवजीवन, ब्युरो

यवतमाळ : स्थानिक, इंदिरा महाविद्यालय कळंब येथे वृक्षांना राखी बांधून वृक्ष संवर्धनाचा कार्यक्रम संपन्न झाला. पर्यावरणाचा समतोल राखण्यासाठी वृक्ष महत्वाची कामगिरी बजावत असतात.

परंतु, अलीकडे पर्यावरणाचा समतोल दिवसेंदिवस बिघडत चालला आहे, अशा परिस्थितीमध्ये वृक्षारोपण करणे ही, काळाची गरज बनली आहे. झाडे हे आपल्या

निसर्गाचा महत्वाचा घटक आहे. वृक्ष आपल्या निसर्गाची शोभा वाढवतात. आरोग्य निरोगी ठेवण्यासाठी झाडे महत्वाची भूमिका बजावत असतात. अनेक वृक्षांमध्ये तर औषधी गुणधर्म आहेत. पर्यावरणाला निसर्गाला झाडांमुळे सौंदर्य प्राप्त होते. परंतु वृक्षांची तोड मोठ्या प्रमाणात झाल्यामुळे आजुबाजूचे वन क्षेत्र कमी झाले आहे. आणि म्हणून वृक्षारोपणा सोबतच, वृक्षसंवर्धन करणे ही काळाची गरज आहे. या पार्श्वभूमीतून विद्यार्थी व

शिक्षकांनी वृक्षांना राखी बांधून वृक्षसंवर्धनाची जबाबदारी विद्यार्थी व शिक्षकांनी स्विकारली. हा कार्यक्रम वाणिज्य विभाग, गृहअर्थशास्त्र विभाग, रसायनशास्त्र विभाग तसेच शारीरिक शिक्षण विभागातर्फे घेण्यात आला. या कार्यक्रमाला प्रा. रेखा वाठ, प्रा. डॉ. माधुरी राखुंडे, प्रा. सरोज लखदिवे, प्रा. स्नेहल खांडेकर, प्रा. डॉ. डी. एम. चव्हाण, प्रा. शितल राऊत, अर्चना भोयर तसेच महाविद्यालयातील बहुसंख्य विद्यार्थ्यांनी सहभाग नोंदविला.

Tree Conservation Program Held at Indira College, Kalamb

Yavatmal: A tree conservation program was conducted at Indira College, Kalamb, where students and teachers tied Rakhi's to trees to symbolize their commitment to environmental preservation. Trees play a crucial role in maintaining ecological balance. However, the balance of the environment is increasingly being disrupted, making tree plantation essential. Trees are vital components of our ecosystem, enhancing the beauty of nature and contributing significantly to health. Many trees possess medicinal properties. The aesthetic appeal and health benefits provided by trees are invaluable. However, extensive deforestation has reduced nearby forest areas, underscoring the need for not just planting trees but also conserving them. Against this backdrop, students and teachers at Indira College took responsibility for tree conservation by tying Rakhi's to trees. The program was organized by the Commerce Department, Home Economics Department, Chemistry Department, and Physical Education Department. Prof. Rekha Wath, Dr. Madhuri Rakhunde, Prof. Saroj Lakhdive, Prof. Snehal Khandekar, Dr. D.M. Chavan, Prof. Sheetal Raut, and Archana Bhoyar, along with many students, actively participated in this initiative.

Induction Programme For 1st Year Students (Cultural Event)

1. Introduction:

The Student Induction Program was conducted for First year newly admitted students in 5 days from 26/07/2021 to 30/07/2021. This year, as per the guidelines received from SGBAU, the Student Induction Program was conducted in offline mode. Change is inevitable. Transition period is always tedious. So is the transition for students from their pre-university academics to professional curriculum. After rigorous training and planning required to join a professional college, students deserve time to unwind themselves to forge new relations with fellow students and familiarize themselves with the new environment. Induction program helps in making students of first year feel comfortable, creating opportunities to showcase their talents and interests and shape their character. An induction program is a harbinger of various in-campus & off-campus activities specially designed for entrants to fill the gap. Induction Program is a beautiful combination of literary activities, cultural activities, personality development activities, Universal Human Values sessions, sports and many more.

2. Participants:

All the First-Year students of B.A., B.Com., B.Sc. participated in this program

Innovative Model Competition on Rain Water Management

Cultural Event

An Innovative Model Competition on Rain Water Management was organized by the Department of Environmental Science and Science Club for Arts Commerce and Science Students. The exhibition witnessed great enthusiasm and blooming participation from students of diverse classes, who had the unique opportunity of exploring as well as expressing their creative scientific ideas in the form of, models and projects. The event gave diverse hands-on experience to students wherein they could translate the theoretical scientific principles into the mode of application in the form of observable phenomena. This event led the students from the realms of theory into the arena of practicum.

The students displayed their creative scientific potential in diverse arenas revolving around the themes of contemporary significance, on water management. Students were at their innovative best as they designed their own machinery for tapping alternative sources of energy and new ways to conserve the conventional ones. The event in itself ignited the scientific curiosity in students and gave them a platform to give concrete dimensions to their ideas, from the zone of imagination to realism.

The exhibition didn't not only provide the opportunity to students to execute their scientific ideas but also gave them the platform to demonstrate their ideas to a large group of science students. Based on the feedback and suggestive ideas of the science teachers, the students gained a wider and a newer perspective on further development of their model or project. The students also got the unique experience of demonstrating and explaining their ideas to a wide variety of audience which further enhanced their confidence, communication and inter personal skills, overall, a boost to their personality.

On the whole, the Science exhibition was a great learning experience for both the students and teachers alike wherein it seemed that the world of science practically came alive, through the blooming projects of our young student innovators.

Hence to have a fun on the day have selected few games for our students like, Khel Gotyancha, Limbu Chamcha, Music Chair. All faculty students participated in this activity enthusiastically. The event ended with declaring the names of winners. All students really enjoyed full day and memorized all the happy moments that they had in childhood.

Report on Event - Debate competition - (Department by Psychology)

Department by Psychology conducted a Debate competition on Theme “Is technology increasing people’s quality of life” on 3 February, 2019 at seminar hall, from 2:30 PM to 4:30 PM for the all-faculty students. The event was organized by Dr.P.B. Ingale. The aim of organizing debate competition was to hone the public speaking skills of the students and teach them to be articulate while expressing their thoughts and opinions. One of the most significant contributions of technology is its role in enhancing communication and connectivity. With the advent of smartphones, social media platforms, and instant messaging apps, individuals can now connect with others across the globe instantly. This has led to a greater sense of belonging and has facilitated the exchange of ideas, information, and support networks, thereby improving overall well-being.
