### Policy on

### Alternate Sources of Energy and Energy Conservation Measures

#### 1. Purpose

The purpose of this policy is to reaffirm Indira Mahavidyalaya's ongoing commitment to sustainable energy practices, established over the past years, and to outline the continued guidelines for the use of alternate energy sources and energy conservation measures within the institution. This policy aims to further reduce environmental impact, lower energy costs, and sustain the awareness of energy conservation among students, staff, and faculty.

#### 2. Scope

This policy applies to all members of Indira Mahavidyalaya, including students, faculty, staff, and visitors. It encompasses the use of energy resources, the implementation of energy conservation measures, and the maintenance and development of alternate energy systems within the campus.

#### 3. Objectives

- Enhance and expand the use of renewable energy sources.
- Maintain and improve energy efficiency across campus facilities.
- Sustain the reduction of the institution's carbon footprint.
- Promote ongoing responsible energy use among the campus community.
- Integrate energy conservation practices into routine operations.

#### 4. Achievements Over the Years

Since the implementation of our energy policy years ago, Indira Mahavidyalaya has achieved significant milestones in energy conservation and renewable energy utilization:

##### 1. Solar Energy Utilization:

**Solar Panels:** Installed and operated a 4 kW solar panel system, generating a substantial portion of our electricity needs and contributing to the reduction of our carbon footprint.

**Performance Metrics:** Consistently achieved operational efficiency, contributing to a Sizable reduction in grid electricity consumption.

##### 2. Natural Lighting:

**Large Windows:** Designed and utilized in existing and new constructions to maximize natural sunlight, significantly decreasing reliance on artificial lighting during daytime hours.

##### 3. Energy-Efficient Equipment:

**Energy-Efficient Fans:** Deployed across campus, resulting in a measurable reduction in electricity usage for cooling.

##### 4. Alternative Backup Power:

**LPG Gas-Powered Generator:** Successfully utilized as an eco-friendly backup power source, supplemented by inverters to ensure uninterrupted power supply.

##### 5. Awareness and Behavioral Measures:

**Signboards:** Installed throughout the campus, effectively encouraging the campus community to turn off lights and fans when not in use, promoting energy-saving behaviour.

## 5. Policy Statements

### 1. Solar Energy Utilization:

**Maintenance and Expansion:** The 4 kW solar panel system will continue to be maintained for optimal performance. Future expansions will be considered based on energy needs and technological advancements.

**Solar Integration:** New buildings and facilities will continue to include provisions for integrating solar energy solutions to support the institution's energy goals.

### 2. Maximizing Natural Light:

**Design and Renovation:** Future construction and renovation projects will prioritize designs that maximize natural light to reduce dependence on artificial lighting.

**Daylight Utilization:** Encourage scheduling of activities that align with natural light availability to further reduce energy consumption.

### 3. Energy-Efficient Appliances:

**Upgradation:** Continuous replacement of outdated equipment with energy-efficient alternatives as part of the institution's commitment to energy conservation.

**Purchasing:** Maintain the preference for energy-efficient products during procurement processes to ensure sustainability.

### 4. Backup Power Sources:

**Generator:** Continue the eco-friendly use of the LPG gas-powered generator, ensuring compliance with environmental standards and regular maintenance.

**Inverter Maintenance:** Keep inverters well-maintained and operational to provide efficient backup power during outages.

### 5. Awareness and Behavioral Measures:

- **Campaigns and Training:** Continue conducting regular campaigns and training sessions to educate the campus community on energy conservation practices.
- **Visual Reminders:** Maintain and update visual signboards and other reminders to reinforce energy-saving behaviors among the campus community.

## 6. Responsibilities

**Facilities Management:** Responsible for the ongoing maintenance of all energy systems, including solar panels and backup generators, ensuring their efficiency and effectiveness.

**Campus Community:** Expected to adhere to this policy and actively participate in energy conservation efforts.

## 7. Monitoring and Reporting

**Regular Audits:** Conduct energy audits to assess energy usage and identify areas for further improvement.

## 8. Policy Review

This policy is reviewed to ensure its relevance and effectiveness. Updates are made as needed to incorporate new technologies and practices or address any identified shortcomings.

## 9. Compliance

Non-compliance with this policy will be addressed by the administration, with corrective actions taken as necessary. Persistent non-compliance may result in disciplinary actions according to the institution's regulations.

## Policy on Management of Degradable and Non-Degradable Waste

### 1. Purpose

This policy document reaffirms Indira Mahavidyalaya's enduring commitment to effective waste management practices that have been in place for many years. It outlines the established guidelines for managing degradable and non-degradable waste, aimed at promoting environmental sustainability, optimizing recycling efforts, and maintaining campus cleanliness.

### 2. Scope

This policy applies to all members of Indira Mahavidyalaya, including students, faculty, staff, and visitors. It covers the generation, segregation, disposal, and recycling of all degradable and non-degradable waste produced within the campus.

### 3. Objectives

- Sustain responsible waste segregation and disposal practices.
- Enhance and expand recycling and composting efforts.
- Minimize the generation of non-degradable waste.
- Foster ongoing awareness of proper waste management within the campus community.
- Maintain and improve a clean and litter-free campus environment.

### 4. Achievements and Established Measures

Indira Mahavidyalaya has consistently implemented and refined the following waste management measures over the years:

#### 1. Waste Segregation and Disposal:

**Strategically Placed Dustbins:** Large dustbins are located throughout the campus to facilitate proper waste segregation into degradable and non-degradable categories.

**Effective Segregation:** Dustbins are color-coded for clarity and ease of use: green for degradable waste and blue for non-degradable waste.

#### 2. Composting:

**Composting Pits:** Our composting system efficiently recycles degradable waste, converting it into nutrient-rich compost used for campus landscaping.

**Compost Utilization:** The compost generated has significantly reduced the need for chemical fertilizers in maintaining our green spaces.

#### 3. Non-Degradable Waste Management:

**Recycling Initiatives:** We have established partnerships with local recycling facilities to ensure proper processing of non-degradable waste, consistently reducing our landfill contributions.

**Plastic Reduction:** Long-standing efforts to minimize single-use plastics have significantly reduced non-degradable waste generation on campus.

4. **Awareness and Behavioral Measures:**

**Signboards:** Long-standing signboards across the campus promote responsible waste segregation, discourage plastic use, and advocate for a litter-free environment.

**No Littering Policy:** A strictly enforced no-littering policy has been maintained, supported by regular educational campaigns and monitoring.

5. **Policy Statements**

1. **Waste Segregation and Disposal:**

**Continuous Maintenance:** Large dustbins will continue to be regularly emptied and maintained. We will ensure dustbins are clearly marked and conveniently located to support effective waste disposal.

**Enforcement of Segregation:** We will sustain enforcement of waste segregation through regular checks and educational initiatives, ensuring compliance with waste management practices.

2. **Composting:**

**Composting Management:** Composting pits will be regularly monitored and managed to ensure effective decomposition of organic waste.

**Ongoing Application:** Compost produced will continue to support landscaping and gardening, integrated into soil management practices for campus maintenance.

3. **Non-Degradable Waste Management:**

**Recycling Practices:** We will sustain and enhance partnerships with recycling facilities, aiming to expand recycling efforts and reduce contributions to landfills.

**Ongoing Plastic Reduction:** Continue promoting alternatives to single-use plastics and reducing non-degradable materials within the campus.

4. **Awareness and Behavioral Measures:**

**Educational Campaigns:** Regular campaigns, workshops, and seminars will continue to educate the campus community about the importance of proper waste management.

**Signboard Updates:** Maintain and regularly update signboards to provide current and actionable messages regarding waste segregation, anti-littering, and environmental responsibility.

5. **Compliance and Monitoring:**

**Regular Inspections:** We will conduct periodic inspections to ensure adherence to waste segregation and disposal guidelines, addressing any non-compliance promptly.

**Feedback Mechanism:** A system will remain in place for reporting and addressing any waste management concerns from the campus community.

6. **Responsibilities**

- **Campus Community:** Expected to adhere to this policy, participate in waste segregation efforts, and follow the no-littering guidelines.

7. **Policy Review**

This policy is reviewed annually to ensure continued relevance and effectiveness. Updates will be made as necessary to incorporate new technologies, best practices, or to address any identified shortcomings.

8. **Compliance**

Non-compliance with this policy will be addressed by the administration, with corrective actions taken as necessary. Persistent non-compliance may result in disciplinary actions according to the institution's regulations.

### **Policy on Prevention Single-Use Plastics**

#### **Preface**

The use of single-use plastic items by stakeholders is harmful to the environment, public health, and society's welfare. The production and distribution of single-use plastics deplete natural resources and contribute to greenhouse gas emissions. The institution is promoting systematic campaign to reduce the usage of plastic, especially single-use plastic.

- Single-use plastics are banned in canteens and all premises of the college.
- Littering of plastic bags and bottles within the college grounds and premises is strictly prohibited.
- Awareness sessions, training programs, and workshops are conducted to educate stakeholders about the harmful impacts of single-use plastics.
- Students, faculty, and administrators are encouraged to avoid bringing non-biodegradable plastic items to the institution.
- Students are sensitized their households about the harmful effects of plastics and strive to make their households "plastic-free."
- All departments/offices practiced to avoid the use of plastic water bottles and encourage alternative solutions like jute files, paper folders, cloth bags, and paper bags.
- Environment-friendly cups and plates are provided for serving food during various and association programs.

## Policy on Water Conservation

### 1. Purpose

This policy document affirms the long-standing commitment of Indira Mahavidyalaya to water conservation, detailing the initiatives and practices that have been in place for several years. The policy aims to promote the efficient use of water resources, minimize water wastage, and uphold effective water management practices, thereby supporting our mission for environmental sustainability and responsible natural resource stewardship.

### 2. Scope

This policy applies to all members of Indira Mahavidyalaya, including students, faculty, staff, and visitors. It encompasses all activities related to water usage, conservation practices, and the ongoing maintenance of water management systems within the campus.

### 3. Objectives

- Continue promoting the efficient use and conservation of water resources.
- Sustain and improve water management practices across campus facilities.
- Maintain reductions in water wastage and enhance water recycling efforts.
- Keep increasing awareness of water conservation among the campus community.
- Further integrate water-saving measures into routine operations and campus maintenance.

### 4. Achievements and Current Measures

Indira Mahavidyalaya has successfully implemented a range of water conservation measures over the years:

#### 1. Water Storage and Seepage:

**Large Reservoir:** Our longstanding reservoir effectively stores water, allowing for natural seepage that replenishes groundwater levels. This system has been a cornerstone of our water conservation strategy.

**Performance Impact:** This measure has substantially contributed to the groundwater recharge, supporting campus water needs during dry periods.

#### 2. Runoff Management:

**Trenches:** Established to obstruct and manage water runoff, these trenches facilitate groundwater recharge and mitigate soil erosion.

**Long-Term Impact:** Trenches have proven effective in reducing water runoff and preserving soil quality over the years.

#### 3. Rainwater Harvesting:

**Collection System:** Our efficient rainwater harvesting system collects rainwater from building rooftops, channelling it via long pipelines to the reservoir. This system has significantly supplemented our water supply.

**Efficiency Record:** Over the years, the system has consistently captured a considerable amount of rainwater, reducing dependency on external water sources.

#### 4. Water Usage Awareness:

**Signboards:** Displayed across the campus for many years, these signboards have successfully raised awareness about water conservation and helped prevent wastage.

**Behavioral Impact:** Persistent visibility of these reminders has fostered a culture of responsible water use among the campus community.

#### 5. Summer Watering Methods:

**Drip Bottles:** Utilized near tree roots during summer for efficient water delivery, minimizing evaporation and ensuring optimal water usage.

**Ongoing Practice:** This method has been a consistent part of our tree and plant care during dry seasons, contributing to water efficiency.

### 5. Policy Statements

#### 1. Water Storage and Seepage:

**Maintenance and Monitoring:** Continue regular maintenance of the reservoir to ensure its capacity and efficiency. Periodic monitoring will assess seepage rates and the impact on groundwater recharge.

**Enhancement Opportunities:** Explore opportunities to enhance the reservoir's capacity and efficiency based on evolving water needs and environmental conditions.

**Open well** – The Water table level is observed visually through in Campus Open-well.

#### 2. Runoff Management:

**Trench Maintenance:** Maintain and periodically review the trenches to ensure they continue to effectively manage runoff and support groundwater recharge.

#### 3. Rainwater Harvesting:

**System Maintenance:** Ensure the rainwater harvesting system remains in optimal working condition through regular inspection and maintenance.

#### 4. Water Usage Awareness:

**Educational Campaigns:** Continue and enhance educational campaigns to keep the campus community informed about water conservation practices.

#### 5. Summer Watering Methods:

**Drip Irrigation:** Sustain the use of plastic drip bottles and consider adopting advanced drip irrigation systems for improved efficiency during dry periods.

### 6. Responsibilities

**Facilities Management:** Responsible for the ongoing maintenance of water storage systems, runoff management features, and the rainwater harvesting system. Ensures the proper functioning of all water conservation technologies.

**Campus Community:** Expected to adhere to this policy and actively participate in water conservation efforts.

### 8. Policy Review

This policy is reviewed annually to ensure its relevance and effectiveness. Updates are made as necessary to incorporate new technologies and best practices or address any identified shortcomings.

### 9. Compliance

Non-compliance with this policy will be addressed by the administration, with corrective actions taken as necessary. Persistent non-compliance may result in disciplinary actions according to the institution's regulations.

### **Policy on Green Campus and Plastic-Free Campus**

The Green Campus and Environment Policy at institute, is an initiative that promotes eco-friendly and sustainable practices both on and off campus. It provides an opportunity for the institution to lead the way in transforming its environmental culture by instilling environmental ethics among faculty, employees, and other stakeholders. In addition to this the college is located two and half kilometers away from the main city, hence the pollution free environment is maintained.

The policy aims to create a clean and green campus by adopting environmental friendly practices among students' employees other stakeholders, while respecting the diverse natural environment and providing a harmonious habitat for various flora and fauna species. With its abundant flora and fauna, the campus serves as an ideal location for biodiversity studies.

Our campus endeavors to foster eco-consciousness among each generation of students graduating from the institution. A key initiative is to create a plastic-reduced campus to protect the planet. To ensure energy sustainability, the college has transitioned to solar energy. The college employs various strategies outlined below to achieve its environmental goals:

1. **Sustaining Natural Diversity:** Preserve the campus's natural diversity for the benefit of stakeholders and society at large.
2. **Plastic-Free Environment:** Strictly adhere to a plastic-free environment, setting an example for others by reducing plastic consumption, implementing sustainable procurement, waste management schemes, and efficient use of energy and water.
3. **Responsible Waste Management:** Emphasize reuse and recycling practices to ensure responsible waste management.
4. **Energy Efficiency:** Minimize energy consumption and enhance energy efficiency through innovative and far-sighted strategies.
5. **Preservation of Natural Resource:** Protect and conserve existing natural resources, including soil, water, flora, and fauna.
6. **Environmental Education:** Promote environmental awareness and education through curriculum inclusion and sensitization programs.
7. **Organic Farming:** to eliminate the use of chemical pesticides and promote organic farming practices using dry leaf compost mulch and other chemical-free alternatives.
8. **Land Conservation:** Conserve land and enhance productivity through organic farming and other sustainable practices.

9. **Campus Landscaping:** Improve campus landscaping to promote academic tourism and ensure balanced accessibility for visitors.
10. **Water Resource Conservation:** Protect existing water resources, meet the college's water needs, and promote rainwater harvesting.
11. **Building Renovation and Repurposing:** Evaluate and repurpose existing buildings while considering practicality, location, and replacement costs.
12. **Environmentally Responsive Transportation:** Encourage the use of environmentally friendly transportation, such as bicycles, electric vehicles, and carpooling within the campus.
13. **Green Audit:** Conducts regular green audits and measures efficiency, and improve environmental strategies to identify problems,
14. **Campus Design and Community:** Design campus buildings and outdoor spaces to foster discourse, interactions, and a sense of shared community.
15. **Renewable Resources:** Continuously pursue the use of renewable resources and minimize wastage of non-renewable resources.
16. **Greenhouse Gas Reduction:** Implement practices to increase reliability, maintain natural equilibrium, and reduce greenhouse gas emissions.
17. **Environmental Awareness Programs:** Introduce programs to raise environmental awareness among the public, such as campus visits, , bird watching, vermicomposting, and organic farming.
18. **Maximizing Solar Energy:** Increase solar energy production by progressively installing more solar panels in a phased project.
19. **Ecosystem Enhancement:** Collaborate with government schemes to augment the campus ecosystem.
20. **Extending Green Initiatives:** Extend eco-conscious practices to nearby areas and adopted villages by implementing plastic ban, and adopting energy-efficient strategies.
21. **Plastic Reduction:** Minimize plastic usage and promote eco-friendly alternatives as per government directives.
22. **Training and Awareness:** Train employees and students through activities like the "Swachh Bharat Abhiyan"(Cleanliness Drive) conducted by NSS and various departments transforming them into "Go Green Specialists" and partnering to plant trees annually.
23. **Communication and Review:** Communicate the policy to students and employees through internal channels and make it available to all stakeholders on the institutional website. Regular reviews of the Environment and Energy Policy, objectives, and targets will be conducted under the guidance of the Principal.

The college aims to create a greener campus by aligning with these policies. The college is committed to a cleaner environment and encourages the use of bicycles within the campus.

### **Policy Document**

### **Restriction on Entry of Automobiles**

#### **Preface**

In order to ensure a safe and environmentally friendly ecosystem within the campus, the college restricts automobile entry to the campus as per the regulations of the Government of Maharashtra and institutional regulations. This will help in ensuring a sustainable green campus.

- Students are not allowed to use motorized vehicles inside the college campus.
- Bike races, motor car races or similar activities are not permitted inside the campus
- Vehicles are prohibited during celebrations within the college campus.
- All celebrations in the campus are conducted under the supervision of the Principal or the staff designated by the Principal.
- Designated parking areas are available for student vehicles, and entry beyond those points is strictly prohibited.
- Students are instructed to park their vehicles at the allotted place in parking shed.
- Stunting and racing of vehicles within and in a radius of 200 meters outside the campus are strictly banned.
- Employees are encouraged to use electric vehicles instead of fossil fuel vehicles or carpooling for their commute.
- Parking near the college building is allowed to handicapped students only and they have to park their vehicles at the area allotted.
- Road transport authority rules are applicable outside campus are enforced within the campus.
- Vehicle speeds are limited to 10 km/hr. within the campus.
- Students are strongly advised to use public transport or bicycles for commuting to college, promoting green initiatives and reducing pollution.

### **Policy Document**

### **Use of Bicycles/ Electric/ Shared Vehicles**

#### **Preface**

The college promotes shared mobility and clean transportation to ensure environmental sustainability, pollution reduction, energy efficiency, conservation, and a healthy ecosystem. As part of this commitment, bicycles are encouraged within the campus.

#### **Objectives:**

- Support the national commitment to reduce greenhouse gas (GHG) emissions.
- Improve air quality and refresh the atmosphere of campus.
- Promote shared mobility and clean transportation.
- Achieve operational efficiency and savings.
- Enhance physical health and general well-being through bicycle usage.
- Strive for a greener campus.

#### **Strategies:**

- To restrict fossil fuel-based transportation systems inside the campus.
- Encourage staff and students to use bicycles or shared public transportation or private (Carpooling)

#### **Vehicles:**

- Raise awareness among staff and students about the importance of switching to electric vehicles for daily commutes.

By implementing these policies and strategies, the college is committed to creating a green campus, preserving the environment, and inspiring eco-friendly practices among its stakeholders.

### Policy Document on

### Disabled-friendly, Barrier Free Environment

**Introduction:** Indira Mahavidyalaya Kalamb is dedicated to creating an inclusive and accessible environment for all individuals, including those with disabilities. This policy outlines the measures and facilities in place to support the needs of Divyangjan, ensuring equal access to education, facilities, and opportunities.

**Scope:** This policy applies to all students, staff, and visitors with disabilities within the premises of college

#### Facilities and Measures:

##### 1. Ramp Rails:

- All buildings are equipped with ramp rails to facilitate easy access for individuals with mobility challenges.

##### 2. Accessible Restrooms:

- Accessible restrooms are strategically located throughout the campus, designed to meet the needs of individuals with diverse abilities.

##### 3. Scribes for Exams:

- A scribe support system is available to assist students with disabilities during examinations, ensuring equal opportunity and a fair testing environment.

##### 4. Wheelchairs:

- Wheelchairs are provided on-site for individuals with mobility challenges to enhance their mobility within the campus.

**Training and Awareness:** The institution conducts regular training sessions for faculty, staff, and students to raise awareness about the needs and rights of individuals with disabilities. This includes training on the effective use of facilities such as ramp rails and wheelchairs, as well as providing guidance on scribe support during exams.

**Compliance:** This policy is in accordance with relevant national and international standards for accessibility and inclusivity.

**Feedback Mechanism:** An accessible feedback mechanism is established to gather input from Divyangjan individuals regarding the effectiveness of the facilities and services provided.

**Review and Revision:** This policy is reviewed periodically to ensure its relevance and effectiveness. Necessary revisions are made based on feedback, changing needs, and advancements in accessibility standards.

The college is committed to fostering an environment where Divyangjan individuals can thrive academically, socially, and professionally. By implementing and adhering to this policy, we aim to create a college community that values diversity and ensures equal opportunities for all.

### Circular

#### Subject: Sustainability Initiatives Exercised within Campus

Dear Students, Faculty, and Staff,

As part of our ongoing commitment to sustainability and environmental responsibility, we are pleased to announce several new initiatives aimed at fostering a greener and more sustainable campus. Your active participation and support are essential to the success of these efforts. The details of our sustainability initiatives are as follows:

#### 1. Energy Conservation Sign Boards

Details: Sign boards indicating the importance of saving energy have been installed near all electrical fittings across the campus. These reminders are designed to encourage everyone to switch off lights, fans, and other electrical appliances when not in use.

#### 2. Eco-Friendly Parking Policy

Details: To reduce vehicle emissions and promote a healthier campus environment, parking areas have been designated far from the main college buildings. This measure is aimed at minimizing pollution and encouraging walking.

#### 3. Fostering Sustainable Commutes through Staff Carpooling

Details: We are promoting carpooling among our staff members to reduce the number of vehicles on the road, thereby decreasing our carbon footprint. Staff members are encouraged to participate in this initiative to support sustainable commutes.

#### 4. Yearly Tree Plantation Drives

Venue: College Grounds and Surrounding Areas

Details: As part of our commitment to increasing green cover, we will conduct yearly tree plantation drives. This event will involve planting saplings across the campus and in nearby areas. Students and staff are invited to take part in this important initiative.

## **General Instructions**

- *All students, faculty, and staff are encouraged to actively participate in these initiatives and contribute to making our campus more sustainable.*
- *For the tree plantation drive, participants should register with the event coordinator.*
- *Staff interested in joining the carpooling initiative can contact the administrative office for more details and to arrange carpool groups.*
- *We look forward to your enthusiastic support and participation in these sustainability initiatives. Together, we can make a significant impact on our environment and set an example for future generations.*

### Report on Alternative Energy Sources and Energy Conservation Efforts

#### Introduction:

Indira Mahavidyalaya, Kalamb acknowledges the significance of alternative energy sources and energy conservation. The college is committed to diversifying energy usage and preserving energy resources. In recent years, concerns about depleting fossil fuels and their environmental impact have prompted us to take action in promoting alternative energy and energy efficiency.

#### Alternative Energy Sources:

The college has organized various energy-related workshops and programs. The college has installed a 03 KW solar power system, which has significantly reduced dependence on conventional energy sources. Additionally, a LPG-gas Powered Generator as a standby in the emergency coupled with Heavy Invertors as a backup have been installed on the campus. This helps produce less pollution when providing backup power supply.

#### Energy Conservation Measures:

To reduce energy consumption, the college has adopted energy-efficient measures. The college has replaced conventional light bulbs with long-lasting LED lights, which consume less energy. Energy-efficient we have all our office and academic halls and rooms fitted with Large sized windows, which eventually bring a lot of light which efficiently reduce electricity dependence.

#### Conclusion:

Indira Mahavidyalaya, Kalamb sets a benchmark in the field of energy conservation through its promotion of alternative energy sources and energy conservation. The college engages in awareness programs, to embrace green energy. This holistic approach not only benefits the environment but also contributes significantly to a more sustainable and energy-efficient future.

## Workshop on Conservation of Energy, Dr. A.R. Patalbansi, 13/05/2023

## इंदिरा महाविद्यालयत ऊर्जा संसाधनांचे संवर्धन विषयावर कार्यशाळा

प्रतिनिधि/कळंब

कळंब: इंदिरा महाविद्यालय, कळंब येथील रसायनशास्त्र विभागाने ऊर्जा संसाधनांचे संवर्धन आणि जीवनशैली यावर लक्ष केंद्रित करणारी एक विचारप्रवर्तक कार्यशाळा आयोजित केली होती. या कार्यशाळेचे उद्दिष्ट पर्यावरण संवर्धनाशी संबंधित नाविन्यपूर्ण संशोधन पद्धतींचा शोध घेण्याचे होते. डॉ.ए.आर. पातालबंसी यांनी प्रबोधनपर सत्राचे नेतृत्व केले. कार्यशाळेची सुरुवात रसायनशास्त्र विभागाच्या उद्घाटनपर भाषणाने झाली, ज्यात पर्यावरणीय आव्हानांना तोंड देण्यासाठी आणि शाश्वत जीवनशैलीला प्रोत्साहन देण्याची तातडीची गरज आहे. डॉ. पातालबंसी यांनी ऊर्जा संवर्धन आणि पर्यावरणीय जीवनशैलीचा अभ्यास करण्यासाठी तयार केलेल्या विविध संशोधन पद्धती स्पष्ट केल्या, त्यांची प्रासंगिकता आणि नैतिक विचारांवर प्रकाश टाकला. सहभागींनी नूतनीकरणक्षम ऊर्जा स्रोत, कचरा व्यवस्थापन आणि शाश्वत पद्धती यांसारख्या विषयांचा शोध लावला, पर्यावरण संवर्धनासाठी नाविन्यपूर्ण दृष्टीकोनांमध्ये मौल्यवान अंतर्दृष्टी प्राप्त केली. डॉ. पातालबंसी यांच्या कौशल्याने आणि आकर्षक वितरणाने सजीव वादविवादांना सुरुवात केली आणि उपस्थितांना संशोधन आणि हस्तक्षेपासाठी नवीन मार्ग शोधण्यासाठी प्रेरित केले.

## Workshop on Conservation of Energy Resources at Indira College

### Representative/Kalamb

**Kalamb:** The Chemistry Department of Indira College, Kalamb, organized a thought-provoking workshop focused on the conservation of energy resources and lifestyle. The objective of this workshop was to explore innovative research methods related to environmental conservation. Dr. A.R. Patalbansi led the enlightening session. The workshop began with an inaugural speech from the Chemistry Department, highlighting the urgent need to address environmental challenges and promote sustainable lifestyles. Dr. Patalbansi explained various research methods developed to study energy conservation and environmental lifestyles, emphasizing their relevance and ethical considerations. Participants explored topics such as renewable energy sources, waste management, and sustainable practices, gaining valuable insights into innovative approaches for environmental conservation. Dr. Patalbansi's expertise and engaging delivery sparked lively debates and inspired the attendees to explore new avenues for research and intervention.

**ABOUT THE COLLEGE**

Indira Gandhi Kala Mahavidyalaya, Ralegaon was established in the year 2009. This college was blessed by the name of Indira Gandhi, the first lady Prime Minister of India. This college is offering undergraduate courses B.Sc. & B.A. The college is accredited by NAAC with 'B' Grade & affiliated to Sant Gadge Baba Amravati University, Amravati. The main objective of college is to provide opportunity for good quality of higher education to the rural & tribal students of this region. The college is putting more efforts for all-round development of student's personality through organizing various academic, co-curricular, entrepreneurship & skill-based training programmes. The faculty members of the college are actively involved in project & research work for solving local problems. The college is planning to start PG course in various subjects which will improve the employability of rural & tribal students. Today, college has acquired a prestigious position not only in Ralegaon region, but across the entire Yavatmal district.

**ABOUT THE DEPARTMENT OF CHEMISTRY**

The department was established in 2010. The department has well equipped laboratory and qualified teaching and supporting staff. It conducts various activities like inter-collegiate quiz competitions, exhibitions, short-term courses, workshops, industrial tours etc. for the development of students' personality and improving their professional skills. The Department is planning to establish research Centre for the Ph.D. research work and research which is useful to local society. The department has water quality testing and soil testing facility.

### **National E-Conference on Role of Chemical Sciences in Sustainable Development**

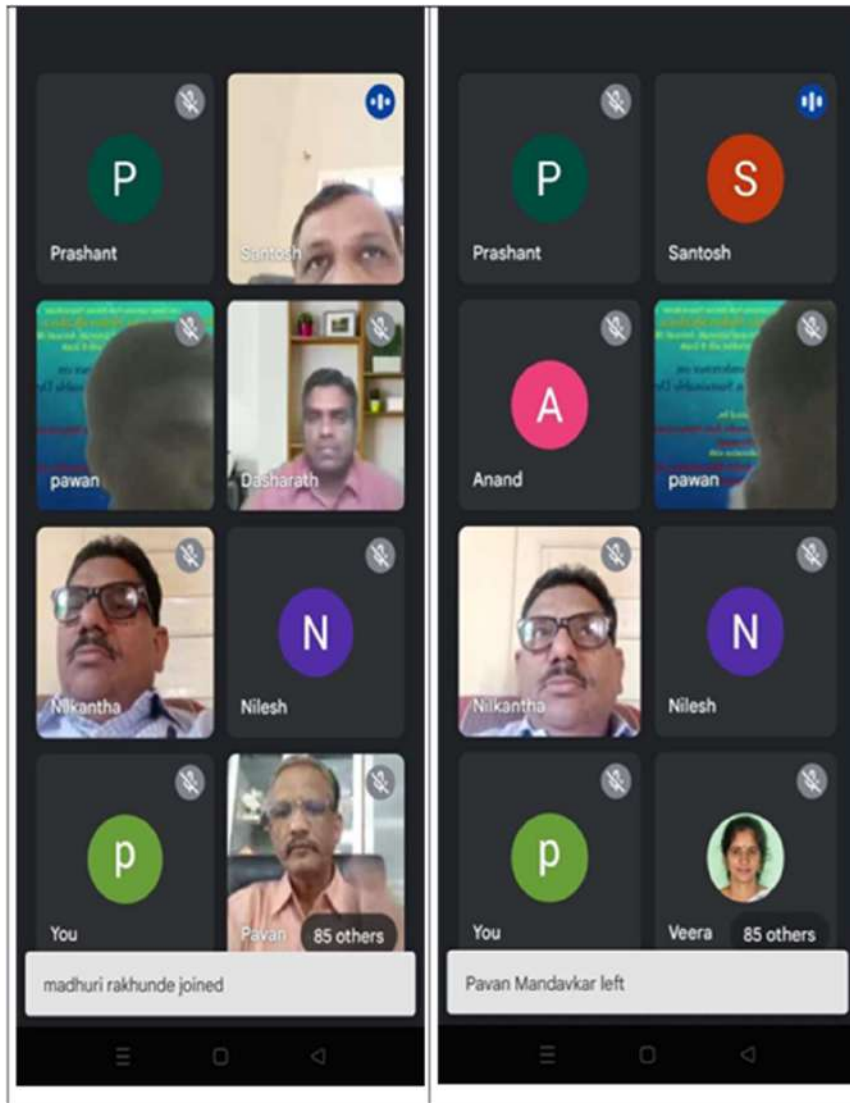

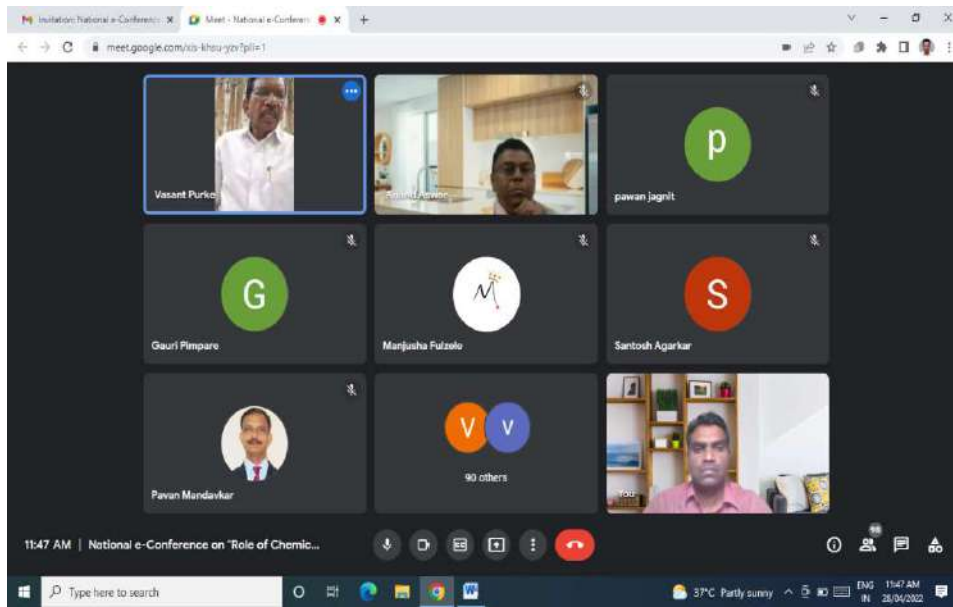

Deshunnati News Collection

**Ralegaon:** The Chemistry Department of Indira Gandhi Kala Mahavidyalaya, Ralegaon, in collaboration with Indira College, Kalamb, organized a national conference on "The Role of Chemistry in Sustainable Development" through virtual mode. Researchers, professors, and students from various states participated in large numbers. The event was chaired by the institution's president and former Education Minister Vasant Purke. In his keynote speech, he emphasized the importance of contributions from researchers, teachers, and students working in various fields of chemistry for the country's sustainable development and extended his best wishes to the conference.

Prof. Aswar, Head of the Chemistry Department, Sant Gadge Baba Amravati University, provided extensive information on the significant contributions of researchers in the field of chemistry towards sustainable development. Principal Dr. P.B. Mandavkar and Dr. P.S. Jawade highlighted the importance of the conference and extended their best wishes.

The college principal, Dr. Santosh Agarkar, elaborated on the objectives, importance, and the college's efforts in this field. The institution's secretary, Mrs. Premlata Purke, vice president V.C. Ade, and Mrs. Veera Mandavkar also extended their best wishes for the conference. The conference coordinators, Assistant Professor Satish Jadhav, conference secretary Dr. Dashrath Chavan, and Assistant Professor Vivek Samarth, organized the conference systematically.

## इंदिरा महाविद्यालयत ऊर्जा संवर्धनावर कार्यशाळा

लोकमत न्यूज नेटवर्क

कळंब: येथील इंदिरा महाविद्यालयाने ऊर्जा संवर्धना वर केंद्रीत विचारप्रवर्तक कार्यशाळा आयोजित केली होती. या कार्यक्रमाचे उद्दिष्ट ऊर्जा संवर्धनाच्या क्षेत्रात उदयोन्मुख तंत्रज्ञानाचा शोध घेणे होते. या कार्यक्रमास प्रा. भूषण भाटी हे प्रमुख मार्गदर्शक म्हणून लाभले होते. संपूर्ण कार्यशाळेत, सहभागींना ऊर्जा संवर्धनातील अलीकडील ट्रेंडचे सर्वसमावेशक विहंगावलोकन केले गेले, जे ग्राउंडब्रेकिंग तांत्रिक नवकल्पनांपासून ते वर्तणुकीतील बदलांपर्यंत पसरलेले आहे. प्रा. भाटी यांच्या सखोल चर्चांमध्ये नूतनीकरणक्षम ऊर्जा उपाय, ऊर्जा-कार्यक्षम पद्धती आणि ऊर्जा प्रणालींमध्ये स्मार्ट तंत्रज्ञानाचे एकत्रीकरण यांचा समावेश होता, ज्यामुळे उपस्थितांना विषयाची चांगली माहिती मिळते.

व्यावहारिक प्रात्यक्षिके आणि केस स्टडीने सैद्धांतिक संकल्पनांना बळकटी दिली, कृतीत यशस्वी ऊर्जा संवर्धन उपक्रमांची मूर्त उदाहरणे दिली. प्रा. भाटी यांनी ऊर्जा संवर्धनाच्या व्यावहारिक परिणामांवर दिलेला भर सहभागींच्या मनात खोलवर रुजला, ज्यामुळे त्यांना त्यांच्या वैयक्तिक आणि व्यावसायिक जीवनात शाश्वत पद्धती अंमलात आणण्यासाठी कृतीयोग्य धोरणे शोधण्यासाठी प्रेरणा मिळाली.

शिवाय, कार्यशाळेतने ऊर्जा संवर्धनाच्या व्यापक सामाजिक-आर्थिक आणि पर्यावरणीय परिणामांचा अभ्यास केला, ज्याने हवामान बदलाशी लढा देण्यासाठी, हरितगृह वायू उत्सर्जन कमी करणे आणि जागतिक स्थिरता वाढवण्यामध्ये त्याची महत्त्वपूर्ण भूमिका अधोरेखित केली. उपस्थितांनी स्थानिक आणि जागतिक स्तरावर ऊर्जा-कार्यक्षम उपाय स्वीकारण्याच्या बहुआयामी फायद्यांविषयी मौल्यवान अंतर्दृष्टी प्राप्त केली.

### Workshop on Recent Trends in Energy Conservation

Lokmat News Network

**Kalamb:** Indira College in Kalamb organized a thought-provoking workshop focused on energy conservation. The aim of this program was to explore emerging technologies in the field of energy conservation. Prof. Bhushan Chati served as the chief guide for the event. Throughout the workshop, participants were given a comprehensive overview of recent trends in energy conservation, ranging from groundbreaking technical innovations to behavioral changes. Prof. Bhati's in-depth discussion included renewable energy solutions, energy-efficient practices, and the integration of smart technologies in energy systems, providing attendees with a thorough understanding of the topic.

Practical demonstrations and case studies reinforced theoretical concepts, offering tangible examples of successful energy conservation initiatives in action. Prof. Bhati's emphasis on the practical impact of energy conservation deeply resonated with the participants, inspiring them to explore actionable strategies for implementing sustainable practices in their personal and professional lives.

Furthermore, the workshop examined the broader socio-economic and environmental impacts of energy conservation, highlighting its crucial role in combating climate change, reducing greenhouse gas emissions, and enhancing global sustainability. Attendees gained valuable insights into the multifaceted benefits of adopting energy-efficient solutions at both local and global levels.

## ऊर्जा संवर्धनावर जागरूकता कार्यक्रम

इंदिरा महाविद्यालय कळंब येथील भूगोल विभागाने ऊर्जा संवर्धनावर जागरूकता कार्यक्रम आयोजित केला. कार्यक्रमात ऊर्जा संरक्षणाचे महत्त्व आणि शाळेतील लोकांमध्ये धारण करणाऱ्या प्रथमिका योजना केली गेली होती. कार्यक्रमाचा उद्दिष्ट ऊर्जा संरक्षणाबद्दल सामाजिक जागरूकता वाढवणे आणि शाळेतील विद्यार्थ्यांना ऊर्जा संचयाच्या साधनांची जागरूकता करणे होते. कार्यक्रमा मध्ये समाजाच्या विविध क्षेत्रा मधील सहभागी, शिक्षक आणि विद्यार्थी सहभागी झाले होते. कार्यक्रमात ऊर्जा संरक्षणाच्या महत्त्वाची समज आणि वास्तविक उपाय यांचे शिक्षण मिळाले.

ऊर्जा संरक्षण हे आपल्या समाजातील एक महत्त्वाचे प्रश्न आहे. ऊर्जा संरक्षणाच्या प्रथमिक उद्दिष्ट अर्थात ऊर्जा संचयाचा प्रयोग करून वातावरणाच्या प्रक्षेपाचा कमी करणे, अयशिश्ट कागदपत्र उत्पादनाचा कमी करणे, आणि अनुभवण्याचा कचरा कमी करणे आहे. ऊर्जा संरक्षण आपल्या पर्यावरणाच्या संरक्षणासाठी अत्यंत महत्त्वाचा आहे, त्यामुळे अवैध वातावरणाचे प्रक्षेपण कमी होते. अशा प्रकारे, ऊर्जा संरक्षण हे आपल्या पर्यावरणाच्या अभिजात वाटत असलेल्या प्रदूषणाचा विरोध करण्यात मदत करते आणि आपल्या समुदायात आणि राष्ट्रात शांती आणि संपत्तीच्या साधनांच्या वाटेत वेगारा वास्तविक असा आहे.

#### Awareness Program on Energy Conservation

Indira College Kalamb Geography Department organized an awareness program on energy conservation. The program emphasized the importance of energy conservation and outlined a primary plan to raise awareness among school members. The main goal of the event was to increase social awareness about energy conservation and educate school students about energy-saving measures. Participants from various fields of society, teachers, and students took part in the event. The program provided understanding and practical solutions for the importance of energy conservation.

Energy conservation is a crucial effort for our society. The primary objective of energy conservation is to reduce environmental impact by saving energy, minimizing the production of waste documents, and reducing experienced waste. Energy conservation is vital for protecting our environment, as it helps prevent illegal environmental emissions. Thus, energy conservation assists in combating pollution that threatens our environment, providing tangible benefits to our community and nation in terms of resource sustainability and environmental protection.

### ऊर्जा संवर्धनावर जागरूकता कार्यक्रम

तालुका प्रतिनिधि/अमरावती दर्शन कळंब: इंदिरा महाविद्यालय कळंब येथील भूगोल विभागाने ऊर्जा संवर्धनावर जागरूकता कार्यक्रम आयोजित केला. कार्यक्रमात ऊर्जा संरक्षणाचे महत्त्व आणि शाळेतील लोकांमध्ये घाटावर करण्याच्या प्रथमिका योजना केली गेली होती. कार्यक्रमाचा उद्दिष्ट ऊर्जा संरक्षणाबद्दल सामाजिक जागरूकता वाढवणे आणि शाळेतील विद्यार्थ्यांना ऊर्जा संचयाच्या साधनांची जागरूकता करणे होते. कार्यक्रमा मध्ये समाजाच्या विविध क्षेत्रा मधील सहभागी, शिक्षक आणि विद्यार्थी सहभागी झाले होते. कार्यक्रमात ऊर्जा संरक्षणाच्या महत्वाची समज आणि वास्तविक उपाय यांचे शिक्षण

मिळाली. ऊर्जा संरक्षण हे आपल्या समाजातील एक महत्वाचे प्रयत्न आहे. ऊर्जा संरक्षणाच्या प्रथमिक उद्दिष्ट अर्थात ऊर्जा संचयाचा प्रयोग करून वातावरणाच्या प्रक्षेपाचा कमी करणे, अपशिष्ट कागदपत्र उत्पादनाचा कमी करणे, आणि अनुभवण्याचा कचरा कमी करणे आहे. ऊर्जा संरक्षण आपल्या पर्यावरणाच्या संरक्षणासाठी अत्यंत महत्वाचा आहे, त्यामुळे अवैध वातावरणाचे प्रक्षेपण कमी होते. अशा प्रकारे, ऊर्जा संरक्षण हे आपल्या पर्यावरणाच्या अभिजात वाटत असलेल्या प्रदूषणाचा विरोध करण्यात मदत करते आणि आपल्या समुदायात आणि राष्ट्रात शांती आणि संपत्तीच्या साधनांच्या वाटेत येणारा वास्तविक असा आहे.

### **Amravati Darshan Yavatmal Special**

### **Awareness Program on Energy Conservation**

Taluka Representative/Amravati Darshan

Indira Mahavidyalaya, Kalamb, organized an awareness program on energy conservation through its Geography Department. The program aimed to highlight the importance of energy conservation and initiate primary plans to instill awareness among the local community within the school. The objective of the program was to increase social awareness about energy conservation and educate students about the benefits of energy-saving practices. Various participants from different sectors of society, including teachers and students, participated in the program. The event focused on imparting understanding of the importance of energy conservation and practical solutions.

Energy conservation is a significant effort within our society. The primary focus of energy conservation includes using energy-saving measures to reduce environmental emissions, minimize the production of waste paper, and reduce landfill waste. Energy conservation plays a crucial role in environmental protection by helping to combat illegal environmental emissions. Thus, energy conservation contributes to reducing pollution that threatens our environment and supports peace and prosperity within our communities and nation.

Awareness Programme on Energy Conservation	Department of Geography	Environment Awareness	20/01/2023	22

The Department of Geography organized an Awareness Programme on Energy Conservation on January 20, 2023, with the objective of promoting awareness about the importance of energy conservation and sustainable energy practices. The programme aimed to educate participants about the various ways in which they can contribute to conserving energy resources and reducing their carbon footprint.

The Awareness Programme on Energy Conservation witnessed active participation from 22 individuals, including students, faculty members, and community members. Participants gained valuable insights into the importance of energy conservation and practical strategies for reducing energy consumption and promoting sustainability.

### Circular

To: All Faculty Members, Staff, and Students

Subject: Initiatives for Management of Various Types of Degradable and Non-degradable Waste.

As we reflect on our achievements in waste management, upcoming initiatives aimed at further enhancing our environmental stewardship are:

**1. Enhanced Waste Segregation:**

- Strengthening segregation practices with designated bins for dry and wet waste.
- Emphasizing compliance with municipal guidelines for efficient recycling.

**2. Expansion of Organic Waste Management:**

- Optimizing Composting Pit operations to handle increased organic waste.
- Utilizing resulting compost as organic manure for campus gardens.

**3. Improvements in Chemical Laboratory Waste Management:**

- Enhancing treatment processes to pre-dilute liquid waste with water.
- Ensuring strict adherence to environmental standards for disposal.

**4. Strengthening E-Waste Management:**

- Continuing partnerships with authorized agencies for e-waste collection and disposal.
- Promoting responsible recycling practices to mitigate environmental impact.

These initiatives underscore our commitment to sustainable practices and responsible waste handling. We encourage everyone's participation in achieving our environmental goals for a cleaner and healthier campus.

### **Report on Management of the various Types of Degradable and Non-degradable Waste**

Indira Mahavidyalaya, Kalamb has established a comprehensive and systematic waste management program that aligns with municipal guidelines and promotes environmental sustainability. The college's approach includes meticulous segregation of waste, effective handling of organic waste, safe disposal of laboratory chemicals, and responsible management of electronic waste.

#### **Waste Segregation at Source**

The college emphasizes the importance of waste segregation right at the point of disposal. To facilitate this:

- **Separate Dustbins:** Different types of waste are segregated into designated bins across the campus. These include bins for dry waste (plastics, metals), wet waste (food scraps, organic matter), garden waste (leaves, branches), general garbage, paper waste, and e-waste (old electronics, batteries).
- **Recyclable Waste:** Recyclable materials such as paper and plastic are separated into specific bins for further processing and recycling. This practice reduces the burden on landfills and promotes recycling efforts.

Regular campus cleaning activities ensure that waste is correctly sorted and disposed of, contributing to a cleaner and more organized environment.

#### **Organic Waste Management**

To handle organic waste efficiently:

- **Composting Pit:** The college has constructed a composting pit where garden waste, kitchen scraps, and other organic matter are processed.
- **Composting Process:** Organic waste decomposes in the pit, creating compost over time. This compost is then utilized as organic manure for the campus gardens, enhancing soil quality and plant growth without chemical fertilizers.

This system transforms organic waste into valuable resources, promoting a circular economy and reducing greenhouse gas emissions associated with organic waste decomposition in landfills.

#### **Chemical Laboratory Liquid Waste Management**

The disposal of chemical waste from the college's laboratories is managed with care to minimize environmental impact:

- **Soak Pit System:** Liquid waste from chemical laboratories undergoes pre-dilution with water before being directed into a soak pit.
- **Safe Disposal:** This method ensures that harmful chemicals are sufficiently diluted, reducing their potential harm before they percolate into the soil.

This responsible approach prevents contamination of groundwater and soil, maintaining a safer environment for both the campus and the surrounding community.

## E-Waste Management

Electronic waste is a growing concern, and the college addresses this through:

- **Authorized Disposal:** E-waste such as outdated computers, electronic devices, and batteries are collected and handed over to certified e-waste management agencies.
- **Responsible Handling:** These agencies ensure that e-waste is recycled or disposed of in an environmentally sound manner, complying with e-waste regulations.

This partnership with authorized agencies ensures that electronic waste is managed efficiently, minimizing the environmental and health risks associated with improper disposal.

## Conclusion

Indira Mahavidyalaya, Kalamb's comprehensive waste management strategy underscores its commitment to environmental sustainability. Through diligent waste segregation, effective composting of organic waste, responsible chemical waste disposal, and proper e-waste management, the college sets a commendable example of how educational institutions can contribute to a greener and more sustainable future.

These practices not only reduce the environmental footprint of the college but also educate students and staff on the importance of responsible waste management, fostering a culture of sustainability within the campus community.

### Circular on Water Conservation Initiatives

Subject: Water Conservation Initiatives at Indira Mahavidyalaya Kalamb

As we continue to uphold our commitment to sustainable practices and environmental stewardship, we are pleased to announce the implementation of several new initiatives aimed at water conservation on our campus. These efforts are crucial not only for the efficient use of resources but also for contributing positively to our local ecosystem.

1. **Large Capacity Water Reservoir:** A significant step towards sustainable water management, a large capacity water reservoir has been constructed on our campus. This reservoir will not only store rainwater efficiently but also contribute to increasing the groundwater levels in our area.
2. **Efficient Rainwater Harvesting:** To maximize our water conservation efforts, pipelines have been installed to channel rainwater from all rooftops directly into the water reservoir. This system ensures that every drop of rainwater is captured and utilized effectively.
3. **Utilization of Open Well:** An open well on our campus is now being used as a monitoring tool for groundwater levels. This allows us to assess the impact of our conservation efforts and make informed decisions for sustainable water use.
4. **Trenches for Rainwater Runoff:** Trenches have been strategically dug across the campus to act as storage and to prevent rainwater runoff. This not only helps in conserving water but also minimizes soil erosion and enhances groundwater recharge.

These initiatives are part of our broader commitment to environmental responsibility and sustainability. We encourage all members of our college community to actively participate in these efforts by:

- **Conserving Water:** Being mindful of water usage and avoiding wastage wherever possible.
- **Supporting Maintenance:** Reporting any leaks or issues with water infrastructure promptly.
- **Educating Others:** Spreading awareness about the importance of water conservation and these initiatives.

Together, we can make a significant impact on our environment and contribute towards a more sustainable future for generations to come.

### **Report on Water Conservation Initiatives**

#### **Introduction:**

The college is a dedicated educational institution that places a strong emphasis on water conservation. The area though experiences adequate rainfall, but water runoff due to lack of large trees and plantations in the surroundings makes water runoff, making water conservation even more critical. The college has undertaken measures to safeguard and optimally utilize this precious resource.

#### **Rainwater Harvesting:**

The college has implemented a rainwater harvesting system, consisting of large water reservoir near the office which is connected through underground pipelines to Rooftops of College buildings. The harvested rainwater is used basically to recharge water table level and for other purposes there is open well for watering trees and plants during the dry summer months.

#### **Sewage Treatment:**

Drainage chambers have been strategically established on the campus of college, with wastewater pipelines connected to these chambers. These pipelines are further linked to the outside for proper drainage water disposal.

#### **Water Facilities in the Campus:**

The college takes meticulous care of its drinking water supply, storing it in a tank. A water purifier machine is available for students and staff. Routine inspections and maintenance by a local plumber ensure leak-free systems, and both the tanks and purifier machines are regularly cleaned.

#### **Conclusion:**

By diligently implementing these measures, the college not only conserves water but also raises awareness in the community. This collective effort helps maintain clean water sources and ensures an adequate supply for future generations. It is a significant step towards environmental protection and the responsible use of water resources.

### Report on

### Green Campus Initiatives (2018-19 to 2022-23)

#### Green Transportation:

The institute actively promotes eco-friendly transportation by encouraging students and staff to use bicycles and electric vehicles on campus. This initiative aims to reduce air pollution and support sustainable commuting.

#### Bicycle Usage:

Students are motivated to opt for bicycles over motorcycles as part of our commitment to environmental conservation. The college educates students about the importance of environmental protection and advocates for bicycle use. The majority of students and many staff members also prefer public transportation.

#### Ban on Plastic Use:

To protect the environment, The college has implemented a ban on plastic within the campus. Signage is prominently displayed throughout the college to remind everyone of this rule.

#### Enhanced Pedestrian Access and Walkways:

The college has undertaken proactive measures to create a pedestrian-friendly campus environment. The college has expanded internal pathways to provide ample space for pedestrians. Designated parking zones for two-wheelers and four-wheelers have also been established far from College buildings to prevent parking on walkways and also reduce pollutant gases near College Buildings. These measures have not only improved campus safety but also made it more accessible to the college academic community.

#### Landscaping with Trees and Plants:

Indira Mahavidyalaya, Kalamb has planted a variety of trees, including Kadu neem, Tamarind, and various flowering plants on campus. This lush greenery not only enhances the campus aesthetics but also contributes to air purification, noise reduction, and temperature control, creating a more pleasant and environmentally friendly atmosphere.

#### Energy Conservation Sign Boards

**Subject:** Installation of Energy Conservation Sign Boards on Campus

**Dear Students, Faculty, and Staff,**

As part of Indira Mahavidyalaya's ongoing commitment to sustainability and energy conservation, we are pleased to announce the installation of energy conservation sign boards throughout our campus. These sign boards serve as a vital reminder of the importance of saving energy and our collective role in environmental stewardship.

#### Details of the Initiative:

- **Location:** The sign boards have been strategically placed near all electrical fittings, including light switches, fans, and other electrical appliances.
- **Purpose:** The goal of these sign boards is to encourage everyone to switch off lights, fans, and other electrical devices when they are not in use. By doing so, we aim to reduce unnecessary energy consumption and promote sustainable practices within our campus community.

We urge all students, faculty, and staff to heed these reminders and actively participate in our energy conservation efforts. Together, we can make a significant impact on reducing our carbon footprint and promoting a more sustainable environment.

### Eco-Friendly Parking Policy

**Subject:** Implementation of Eco-Friendly Parking Policy

**Dear Students, Faculty, and Staff,**

In our continued efforts to promote environmental responsibility, Indira Mahavidyalaya is introducing an Eco-Friendly Parking Policy aimed at reducing vehicle emissions and enhancing the overall health of our campus environment.

**Details of the Initiative:**

- **New Parking Designation:** All parking areas have been relocated to spots farther from the main college buildings. This measure is intended to minimize pollution by reducing the proximity of vehicles to high-traffic areas.
- **Health Benefits:** By encouraging walking, this policy supports a healthier lifestyle for everyone on campus, while also contributing to a reduction in vehicular emissions.

We encourage all members of our community to adhere to the new parking guidelines and embrace this initiative. Your cooperation will play a crucial role in making our campus greener and more sustainable.

#### Fostering Sustainable Commutes through Staff Carpooling

**Subject:** Promotion of Carpooling for Sustainable Commutes

**Dear Faculty and Staff,**

As part of our sustainability efforts, Indira Mahavidyalaya is excited to introduce a carpooling initiative for our staff members. This initiative aims to reduce the number of vehicles on the road, thereby lowering our carbon footprint and supporting sustainable commuting practices.

**Details of the Initiative:**

- **Carpooling Encouragement:** All staff members are encouraged to participate in carpooling arrangements with their colleagues. This not only reduces traffic congestion but also fosters a sense of community and collaboration among staff.
- **Environmental Impact:** By sharing rides, we can significantly decrease vehicle emissions, contributing to cleaner air and a healthier environment for everyone.

We believe that with your active participation, this initiative will be a successful step towards a more sustainable campus. Let's work together to make a positive impact on our environment.

## Fostering Sustainable Commutes Through Staff Carpooling

At our college, staff members embrace carpooling as a sustainable transportation solution. By sharing rides, we alleviate traffic congestion, cut carbon emissions, and reduce individual transportation costs.

Carpooling also fosters social connections and strengthens our sense of community. With dedicated resources and incentives, such as informational sessions, we actively support and promote this eco-friendly practice. Together, we're not just commuting, but contributing to a greener, more sustainable future for our campus and beyond.'

Carpooling – For Daily commute all of our Staff Members Obligatorily use CarPool (Shared ride)

## Use of Electric Vehicle.

Our institute encourages the use of electric vehicles, leading some students and staff to purchase EV bikes and others to plan for EV cars. We promote sustainability through awareness campaigns and educational initiatives. These efforts aim to foster an eco-friendly campus culture.

#### **Tree Plantation for Environmental Awareness**

In Kalamb, under the leadership of Dr. Pawan Mandavkar, Principal, and NSS Officer Prof. D.S. Patil, the NSS unit organized a successful tree planting program to emphasize their commitment to environmental conservation. This program was part of ongoing efforts to promote sustainable practices and encourage community participation in environmental initiatives. The event attracted enthusiastic participation from NSS volunteers and local community members, all dedicated to improving their local environment. The program began with a brief orientation session, where participants were briefed on the importance of environmental stewardship, improving air quality, and fostering biodiversity through tree planting. Equipped with provided saplings and necessary tools, appointed groups ventured into designated planting areas. Under the guidance of experienced volunteers, participants meticulously planted various species of trees, ensuring each sapling was securely planted to enhance survival and growth prospects. Dr. Pawan Mandavkar and Prof. D.S. Patil expressed their appreciation for the community's commitment to environmental awareness and community involvement, underscoring the importance of creating a greener and more peaceful environment.

Report

Name of the Activity	Organising unit/ agency/collaborating agency	Name of the Scheme	Date	No. of Participants
Tree Plantation & Conservation Programme	NSS Unit	Environmental Awareness	07/09/2021	20

On the 7th of September, 2021, the NSS Unit organized a significant Tree Plantation and Conservation Programme. This event aimed to enhance environmental awareness and contribute to the sustainability efforts within our community. The programme saw the participation of 20 dedicated individuals, including NSS volunteers and local community members. Together, they planted numerous saplings in a designated area, ensuring each plant was properly positioned and supported for optimal growth. The participants also engaged in educational activities, learning about the importance of trees in combating climate change and promoting biodiversity. Through this hands-on experience, participants not only contributed to environmental conservation but also developed a deeper understanding of their role in preserving our planet for future generations. This successful event highlights the power of collective action and community involvement in addressing critical environmental issues.

#### Tree Conservation by Tying Rakhis at Indira College

**Kalamb:** Indira College, Kalamb, under the auspices of the NSS unit, organized a unique program titled "Tying Rakhis to Trees for Conservation." Dedicated participants took part in this event, organized under the Social Awareness Plan. The aim of this innovative program was to integrate the traditional Rakhi festival with a strong message of environmental conservation. Participants pledged to protect and conserve trees by tying rakhis to them.

This pledge was akin to the protective and caring bond between siblings. The enthusiasm and active participation of the attendees demonstrated their dedication to environmental conservation. The "Tying Rakhis to Trees for Conservation" event honored cultural traditions and fostered a profound connection with nature. It motivated participating students to take proactive steps in preserving the environment. The program successfully instilled a sense of responsibility and commitment to nature conservation. Under the guidance of Principal Dr. Pavan Mandavkar and NSS Officer Prof. Prashant Jawade, the event was successfully conducted. Thus, Indira College, Kalamb, took a significant step towards environmental awareness.

**Kalamb:** The Geography Department at Indira College, Kalamb, organized a tree plantation program under the Environmental Awareness Plan. Participants, including students, professors, and volunteers, took part in this program with a shared commitment to environmental conservation. The tree plantation initiative not only increased the green area within the college campus but also instilled a sense of environmental responsibility among the participants. Through their active participation in the tree planting activities, students and professors understood the importance of trees in maintaining ecological balance. They pledged to continue their efforts towards environmental protection. The event was organized under the guidance of Principal Dr. Pavan Mandavkar and NSS Officer Prof. Prashant Jawade. The tree plantation program marked a significant step towards environmental conservation and set an example for future environmental leadership.

## Report

Name of the Activity	Organising unit/ agency/collaborating agency	Name of the Scheme	Date	No. of Participants
Tree Plantation Programme	Department of Geography	Environmental Awareness	22/09/2022	14

The Department of Geography, in collaboration with the Environmental Awareness scheme, organized a Tree Plantation Programme on September 22, 2022. The event witnessed the active participation of 26 individuals, including students, faculty members, and volunteers, who came together with a shared commitment to environmental conservation.

The Tree Plantation Programme not only contributed to increasing the green cover of the college campus but also served as a platform to instill a sense of environmental responsibility among the participants. By actively participating in tree plantation activities, students and faculty members alike gained practical insights into the importance of trees in maintaining ecological balance and pledged to continue their efforts towards environmental stewardship.

## Report

Name of the Activity	Organising unit/ agency/collaborating agency	Name of the Scheme	Date	No. of Participants
Awareness Programme on Preservation of the Ozone Layer	NSS Unit	Social Awareness	16/09/2019	25

On September 16th, 2019, the NSS Unit organized an insightful event titled "Awareness Programme on Preservation of the Ozone Layer" as part of the Social Awareness scheme. This initiative aimed to educate and sensitize participants about the importance of protecting the ozone layer, a crucial component of our planet's atmosphere. The event saw active participation from 25 individuals who were eager to learn about environmental issues and contribute to global sustainability efforts.

The program began with an informative session led by an environmental expert who provided an in-depth overview of the ozone layer's role in shielding the Earth from harmful ultraviolet (UV) radiation. The speaker explained the causes and consequences of ozone layer depletion, emphasizing the significance of the Montreal Protocol and global efforts to phase out ozone-depleting substances (ODS). Participants were engaged through a Real-world examples of how communities and countries have successfully reduced their ODS emissions were showcased, providing practical insights and inspiring the audience to take action in their daily lives. The event not only provided valuable knowledge but also inspired collective action towards preserving our planet for future generations.

### Report of Disable-Friendly Barrier-Free Environment

#### Introduction:

The college is dedicated to providing an inclusive campus that accommodates individuals with disabilities. Over the past few years, the college has implemented various infrastructure improvements, such as ramps and handrails, to facilitate easy movement for people with mobility challenges.

#### Supportive Examination Environment:

The college provides scribes for examination (if required) to students with disabilities and extra time during exams, aligning with university guidelines, to ensure they have ample opportunity to showcase their knowledge and skills.

#### Accessible Toilets:

The college has made provisions for accessible toilet facilities on the ground floor to ensure that disabled students can meet their personal needs comfortably and independently.

#### A More Inclusive Campus:

The college, in creating a barrier-free campus, has made it easy for individuals with disabilities to navigate our facilities. These enhancements not only reflect our commitment to diversity but also contribute to a more equitable and just society. By providing an accessible and inclusive environment, we promote equal opportunities for all, reinforcing our commitment to fairness and inclusivity.

## SANT GADGE BABA AMRAVATI UNIVERSITY GAZETTE

Official Publication of Sant Gadge Baba Amravati University

PART ONE

(Extra - Ordinary)

Tuesday, the 26<sup>th</sup> June, 2018

Direction

No. : 32/2018

Date : 26.6.2018

**Subject:- Facilities, exemption and concession for differently abled and Physically disabled examinee of Sant Gadge Baba Amravati University examinations.**

Whereas, the Ordinance No.6 and Ordinance No.18/2001 are in existence in respect of providing facilities and concessions for physically disabled students.

And

Whereas, the Government of Maharashtra, Department of Higher and Technical Education had issued G.R. dated 4<sup>th</sup> of March, 2017 in respect of facilities exemptions for physically disabled students.

And

Whereas, the Management Council in its meeting held on 2.6.2018 vide item No.86 has accepted the afore mentioned G.R. along with the report of committee appointed by Hon'ble Vice-Chancellor and directed to issue direction in this regard,

And

Whereas, the above said provisions are to be regularized by amending respective ordinances,

And

Whereas, aforesaid provisions are to be implemented from the Academic session 2018-19.

And

Whereas, making amendments to concerned ordinance is time consuming process ,

Now, therefore I, Dr. Murlidhar Chandekar, Vice-Chancellor, Sant Gadge Baba Amravati University, Amravati in exercise of powers conferred upon me under Sub-section (8) of Section 12 of the Maharashtra Public Universities Act,2016 do hereby direct as under-

- 1) This direction may be called, "**Facilities, exemption and concession for differently abled and Physically disabled examinee of Sant Gadge Baba Amravati University examinations.**"
- 2) This direction shall come into force from the date of its issuance.
- 3) The following shall be the provisions for providing facilities, exemptions, concession for physically disabled students.
  - i) Principal of the respective affiliated college should prepare 'Disabled friends group' of minimum 10 friends out of which disabled students will select one of them who is willing to act as a writer for him/her. He can also select writer of his/her own choice.
  - ii) Examination centre will be the same college or nearer college to his/her house.
  - iii) Answer Books will be stamped as PWD and the necessary separate arrangements be made for evaluation.
  - iv) Differently abled students of all categories will be given additional 20 minutes per hour. besides the stipulated time span.
  - v) Marks should not be deducted for any types of grammatical or technical mistakes at the time of evaluation.
  - vi) Attendance is not mandatory for appearing in the university examinations.
  - vii) All other facilities are applicable as per this direction and guidelines given in the Maharashtra Government Resolution miscellaneous no.2016 No.302 dated 4<sup>th</sup> of March,2017.
  - viii) This direction provides 3% grace marks of the total marks (aggregate) in one subject for "Head passing written examination, oral /viva, practical, research project etc." or by divisions to the rest of the followings heads.
    - a) Fixed the 3% marks of the total (aggregate).
    - b) Add marks to the subject with least or minimum marks obtained, first and thereafter, second, Third, fourth and so on to the subjects in order of lower marks till the 3% of marks.
    - c) If needed, the marks as per the earlier ordinances (1/1985 and 18/2001) shall be awarded to the disabled candidates.

E mail - [imvkalamb@yahoo.co.in](mailto:imvkalamb@yahoo.co.in)

Website - [www.indiramahavidyalaya.com](http://www.indiramahavidyalaya.com)

### Policy on

### Alternate Sources of Energy and Energy Conservation Measures

#### 1. Purpose

The purpose of this policy is to reaffirm Indira Mahavidyalaya's ongoing commitment to sustainable energy practices, established over the past years, and to outline the continued guidelines for the use of alternate energy sources and energy conservation measures within the institution. This policy aims to further reduce environmental impact, lower energy costs, and sustain the awareness of energy conservation among students, staff, and faculty.

#### 2. Scope

This policy applies to all members of Indira Mahavidyalaya, including students, faculty, staff, and visitors. It encompasses the use of energy resources, the implementation of energy conservation measures, and the maintenance and development of alternate energy systems within the campus.

#### 3. Objectives

- Enhance and expand the use of renewable energy sources.
- Maintain and improve energy efficiency across campus facilities.
- Sustain the reduction of the institution's carbon footprint.
- Promote ongoing responsible energy use among the campus community.
- Integrate energy conservation practices into routine operations.

#### 4. Achievements Over the Years

Since the implementation of our energy policy years ago, Indira Mahavidyalaya has achieved significant milestones in energy conservation and renewable energy utilization:

##### 6. Solar Energy Utilization:

**Solar Panels:** Installed and operated a 4 kW solar panel system, generating a substantial portion of our electricity needs and contributing to the reduction of our carbon footprint.

**Performance Metrics:** Consistently achieved operational efficiency, contributing to a Sizable reduction in grid electricity consumption.

##### 7. Natural Lighting:

**Large Windows:** Designed and utilized in existing and new constructions to maximize natural sunlight, significantly decreasing reliance on artificial lighting during daytime hours.

##### 8. Energy-Efficient Equipment:

**Energy-Efficient Fans:** Deployed across campus, resulting in a measurable reduction in electricity usage for cooling.

##### 9. Alternative Backup Power:

**LPG Gas-Powered Generator:** Successfully utilized as an eco-friendly backup power source, supplemented by inverters to ensure uninterrupted power supply.

## 10. Awareness and Behavioral Measures:

**Signboards:** Installed throughout the campus, effectively encouraging the campus community to turn off lights and fans when not in use, promoting energy-saving behaviour.

## 5. Policy Statements

### 6. Solar Energy Utilization:

**Maintenance and Expansion:** The 4 kW solar panel system will continue to be maintained for optimal performance. Future expansions will be considered based on energy needs and technological advancements.

**Solar Integration:** New buildings and facilities will continue to include provisions for integrating solar energy solutions to support the institution's energy goals.

### 7. Maximizing Natural Light:

**Design and Renovation:** Future construction and renovation projects will prioritize designs that maximize natural light to reduce dependence on artificial lighting.

**Daylight Utilization:** Encourage scheduling of activities that align with natural light availability to further reduce energy consumption.

### 8. Energy-Efficient Appliances:

**Upgradation:** Continuous replacement of outdated equipment with energy-efficient alternatives as part of the institution's commitment to energy conservation.

**Purchasing:** Maintain the preference for energy-efficient products during procurement processes to ensure sustainability.

### 9. Backup Power Sources:

**Generator:** Continue the eco-friendly use of the LPG gas-powered generator, ensuring compliance with environmental standards and regular maintenance.

**Inverter Maintenance:** Keep inverters well-maintained and operational to provide efficient backup power during outages.

## 10. Awareness and Behavioral Measures:

- **Campaigns and Training:** Continue conducting regular campaigns and training sessions to educate the campus community on energy conservation practices.
- **Visual Reminders:** Maintain and update visual signboards and other reminders to reinforce energy-saving behaviors among the campus community.

## 6. Responsibilities

**Facilities Management:** Responsible for the ongoing maintenance of all energy systems, including solar panels and backup generators, ensuring their efficiency and effectiveness.

**Campus Community:** Expected to adhere to this policy and actively participate in energy conservation efforts.

## 7. Monitoring and Reporting

**Regular Audits:** Conduct energy audits to assess energy usage and identify areas for further improvement.

## 8. Policy Review

This policy is reviewed to ensure its relevance and effectiveness. Updates are made as needed to incorporate new technologies and practices or address any identified shortcomings.

## 9. Compliance

Non-compliance with this policy will be addressed by the administration, with corrective actions taken as necessary. Persistent non-compliance may result in disciplinary actions according to the institution's regulations.

### **Policy on Management of Degradable and Non-Degradable Waste**

#### **1. Purpose**

This policy document reaffirms Indira Mahavidyalaya's enduring commitment to effective waste management practices that have been in place for many years. It outlines the established guidelines for managing degradable and non-degradable waste, aimed at promoting environmental sustainability, optimizing recycling efforts, and maintaining campus cleanliness.

#### **2. Scope**

This policy applies to all members of Indira Mahavidyalaya, including students, faculty, staff, and visitors. It covers the generation, segregation, disposal, and recycling of all degradable and non-degradable waste produced within the campus.

#### **3. Objectives**

- Sustain responsible waste segregation and disposal practices.
- Enhance and expand recycling and composting efforts.
- Minimize the generation of non-degradable waste.
- Foster ongoing awareness of proper waste management within the campus community.
- Maintain and improve a clean and litter-free campus environment.

#### **4. Achievements and Established Measures**

Indira Mahavidyalaya has consistently implemented and refined the following waste management measures over the years:

##### **5. Waste Segregation and Disposal:**

**Strategically Placed Dustbins:** Large dustbins are located throughout the campus to facilitate proper waste segregation into degradable and non-degradable categories.

**Effective Segregation:** Dustbins are color-coded for clarity and ease of use: green for degradable waste and blue for non-degradable waste.

##### **6. Composting:**

**Composting Pits:** Our composting system efficiently recycles degradable waste, converting it into nutrient-rich compost used for campus landscaping.

**Compost Utilization:** The compost generated has significantly reduced the need for chemical fertilizers in maintaining our green spaces.

##### **7. Non-Degradable Waste Management:**

**Recycling Initiatives:** We have established partnerships with local recycling facilities to ensure proper processing of non-degradable waste, consistently reducing our landfill contributions.

**Plastic Reduction:** Long-standing efforts to minimize single-use plastics have significantly reduced non-degradable waste generation on campus.

##### **8. Awareness and Behavioral Measures:**

**Signboards:** Long-standing signboards across the campus promote responsible waste segregation, discourage plastic use, and advocate for a litter-free environment.

**No Littering Policy:** A strictly enforced no-littering policy has been maintained, supported by regular educational campaigns and monitoring.

## 5. Policy Statements

### 6. Waste Segregation and Disposal:

**Continuous Maintenance:** Large dustbins will continue to be regularly emptied and maintained. We will ensure dustbins are clearly marked and conveniently located to support effective waste disposal.

**Enforcement of Segregation:** We will sustain enforcement of waste segregation through regular checks and educational initiatives, ensuring compliance with waste management practices.

### 7. Composting:

**Composting Management:** Composting pits will be regularly monitored and managed to ensure effective decomposition of organic waste.

**Ongoing Application:** Compost produced will continue to support landscaping and gardening, integrated into soil management practices for campus maintenance.

### 8. Non-Degradable Waste Management:

**Recycling Practices:** We will sustain and enhance partnerships with recycling facilities, aiming to expand recycling efforts and reduce contributions to landfills.

**Ongoing Plastic Reduction:** Continue promoting alternatives to single-use plastics and reducing non-degradable materials within the campus.

### 9. Awareness and Behavioral Measures:

**Educational Campaigns:** Regular campaigns, workshops, and seminars will continue to educate the campus community about the importance of proper waste management.

**Signboard Updates:** Maintain and regularly update signboards to provide current and actionable messages regarding waste segregation, anti-littering, and environmental responsibility.

### 10. Compliance and Monitoring:

**Regular Inspections:** We will conduct periodic inspections to ensure adherence to waste segregation and disposal guidelines, addressing any non-compliance promptly.

**Feedback Mechanism:** A system will remain in place for reporting and addressing any waste management concerns from the campus community.

## 6. Responsibilities

- **Campus Community:** Expected to adhere to this policy, participate in waste segregation efforts, and follow the no-littering guidelines.

## 7. Policy Review

This policy is reviewed annually to ensure continued relevance and effectiveness. Updates will be made as necessary to incorporate new technologies, best practices, or to address any identified shortcomings.

## 8. Compliance

Non-compliance with this policy will be addressed by the administration, with corrective actions taken as necessary. Persistent non-compliance may result in disciplinary actions according to the institution's regulations.

### **Policy on Prevention Single-Use Plastics**

#### **Preface**

The use of single-use plastic items by stakeholders is harmful to the environment, public health, and society's welfare. The production and distribution of single-use plastics deplete natural resources and contribute to greenhouse gas emissions. The institution is promoting systematic campaign to reduce the usage of plastic, especially single-use plastic.

- Single-use plastics are banned in canteens and all premises of the college.
- Littering of plastic bags and bottles within the college grounds and premises is strictly prohibited.
- Awareness sessions, training programs, and workshops are conducted to educate stakeholders about the harmful impacts of single-use plastics.
- Students, faculty, and administrators are encouraged to avoid bringing non-biodegradable plastic items to the institution.
- Students are sensitized their households about the harmful effects of plastics and strive to make their households "plastic-free."
- All departments/offices practiced to avoid the use of plastic water bottles and encourage alternative solutions like jute files, paper folders, cloth bags, and paper bags.
- Environment-friendly cups and plates are provided for serving food during various and association programs.

## **Water Conservation**

## Policy on Water Conservation

### 1. Purpose

This policy document affirms the long-standing commitment of Indira Mahavidyalaya to water conservation, detailing the initiatives and practices that have been in place for several years. The policy aims to promote the efficient use of water resources, minimize water wastage, and uphold effective water management practices, thereby supporting our mission for environmental sustainability and responsible natural resource stewardship.

### 2. Scope

This policy applies to all members of Indira Mahavidyalaya, including students, faculty, staff, and visitors. It encompasses all activities related to water usage, conservation practices, and the ongoing maintenance of water management systems within the campus.

### 3. Objectives

- Continue promoting the efficient use and conservation of water resources.
- Sustain and improve water management practices across campus facilities.
- Maintain reductions in water wastage and enhance water recycling efforts.
- Keep increasing awareness of water conservation among the campus community.
- Further integrate water-saving measures into routine operations and campus maintenance.

### 4. Achievements and Current Measures

Indira Mahavidyalaya has successfully implemented a range of water conservation measures over the years:

#### 6. Water Storage and Seepage:

**Large Reservoir:** Our longstanding reservoir effectively stores water, allowing for natural seepage that replenishes groundwater levels. This system has been a cornerstone of our water conservation strategy.

**Performance Impact:** This measure has substantially contributed to the groundwater recharge, supporting campus water needs during dry periods.

#### 7. Runoff Management:

**Trenches:** Established to obstruct and manage water runoff, these trenches facilitate groundwater recharge and mitigate soil erosion.

**Long-Term Impact:** Trenches have proven effective in reducing water runoff and preserving soil quality over the years.

#### 8. Rainwater Harvesting:

**Collection System:** Our efficient rainwater harvesting system collects rainwater from building rooftops, channelling it via long pipelines to the reservoir. This system has significantly supplemented our water supply.

**Efficiency Record:** Over the years, the system has consistently captured a considerable amount of rainwater, reducing dependency on external water sources.

## 9. Water Usage Awareness:

**Signboards:** Displayed across the campus for many years, these signboards have successfully raised awareness about water conservation and helped prevent wastage.

**Behavioral Impact:** Persistent visibility of these reminders has fostered a culture of responsible water use among the campus community.

## 10. Summer Watering Methods:

**Drip Bottles:** Utilized near tree roots during summer for efficient water delivery, minimizing evaporation and ensuring optimal water usage.

**Ongoing Practice:** This method has been a consistent part of our tree and plant care during dry seasons, contributing to water efficiency.

## 5. Policy Statements

### 6. Water Storage and Seepage:

**Maintenance and Monitoring:** Continue regular maintenance of the reservoir to ensure its capacity and efficiency. Periodic monitoring will assess seepage rates and the impact on groundwater recharge.

**Enhancement Opportunities:** Explore opportunities to enhance the reservoir's capacity and efficiency based on evolving water needs and environmental conditions.

**Open well** – The Water table level is observed visually through in Campus Open-well.

### 7. Runoff Management:

**Trench Maintenance:** Maintain and periodically review the trenches to ensure they continue to effectively manage runoff and support groundwater recharge.

### 8. Rainwater Harvesting:

**System Maintenance:** Ensure the rainwater harvesting system remains in optimal working condition through regular inspection and maintenance.

### 9. Water Usage Awareness:

**Educational Campaigns:** Continue and enhance educational campaigns to keep the campus community informed about water conservation practices.

### 10. Summer Watering Methods:

**Drip Irrigation:** Sustain the use of plastic drip bottles and consider adopting advanced drip irrigation systems for improved efficiency during dry periods.

## 6. Responsibilities

**Facilities Management:** Responsible for the ongoing maintenance of water storage systems, runoff management features, and the rainwater harvesting system. Ensures the proper functioning of all water conservation technologies.

**Campus Community:** Expected to adhere to this policy and actively participate in water conservation efforts.

## 8. Policy Review

This policy is reviewed annually to ensure its relevance and effectiveness. Updates are made as necessary to incorporate new technologies and best practices or address any identified shortcomings.

## 9. Compliance

Non-compliance with this policy will be addressed by the administration, with corrective actions taken as necessary. Persistent non-compliance may result in disciplinary actions according to the institution's regulations.

### **Policy on Green Campus and Plastic-Free Campus**

The Green Campus and Environment Policy at institute, is an initiative that promotes eco-friendly and sustainable practices both on and off campus. It provides an opportunity for the institution to lead the way in transforming its environmental culture by instilling environmental ethics among faculty, employees, and other stakeholders. In addition to this the college is located two and half kilometers away from the main city, hence the pollution free environment is maintained.

The policy aims to create a clean and green campus by adopting environmental friendly practices among students' employees other stakeholders, while respecting the diverse natural environment and providing a harmonious habitat for various flora and fauna species. With its abundant flora and fauna, the campus serves as an ideal location for biodiversity studies.

Our campus endeavors to foster eco-consciousness among each generation of students graduating from the institution. A key initiative is to create a plastic-reduced campus to protect the planet. To ensure energy sustainability, the college has transitioned to solar energy. The college employs various strategies outlined below to achieve its environmental goals:

1. **Sustaining Natural Diversity:** Preserve the campus's natural diversity for the benefit of stakeholders and society at large.
2. **Plastic-Free Environment:** Strictly adhere to a plastic-free environment, setting an example for others by reducing plastic consumption, implementing sustainable procurement, waste management schemes, and efficient use of energy and water.
3. **Responsible Waste Management:** Emphasize reuse and recycling practices to ensure responsible waste management.
4. **Energy Efficiency:** Minimize energy consumption and enhance energy efficiency through innovative and far-sighted strategies.
5. **Preservation of Natural Resource:** Protect and conserve existing natural resources, including soil, water, flora, and fauna.
6. **Environmental Education:** Promote environmental awareness and education through curriculum inclusion and sensitization programs.
7. **Organic Farming:** to eliminate the use of chemical pesticides and promote organic farming practices using dry leaf compost mulch and other chemical-free alternatives.
8. **Land Conservation:** Conserve land and enhance productivity through organic farming and other sustainable practices.

9. **Campus Landscaping:** Improve campus landscaping to promote academic tourism and ensure balanced accessibility for visitors.
10. **Water Resource Conservation:** Protect existing water resources, meet the college's water needs, and promote rainwater harvesting.
11. **Building Renovation and Repurposing:** Evaluate and repurpose existing buildings while considering practicality, location, and replacement costs.
12. **Environmentally Responsive Transportation:** Encourage the use of environmentally friendly transportation, such as bicycles, electric vehicles, and carpooling within the campus.
13. **Green Audit:** Conducts regular green audits and measures efficiency, and improve environmental strategies to identify problems,
14. **Campus Design and Community:** Design campus buildings and outdoor spaces to foster discourse, interactions, and a sense of shared community.
15. **Renewable Resources:** Continuously pursue the use of renewable resources and minimize wastage of non-renewable resources.
16. **Greenhouse Gas Reduction:** Implement practices to increase reliability, maintain natural equilibrium, and reduce greenhouse gas emissions.
17. **Environmental Awareness Programs:** Introduce programs to raise environmental awareness among the public, such as campus visits, , bird watching, vermicomposting, and organic farming.
18. **Maximizing Solar Energy:** Increase solar energy production by progressively installing more solar panels in a phased project.
19. **Ecosystem Enhancement:** Collaborate with government schemes to augment the campus ecosystem.
20. **Extending Green Initiatives:** Extend eco-conscious practices to nearby areas and adopted villages by implementing plastic ban, and adopting energy-efficient strategies.
21. **Plastic Reduction:** Minimize plastic usage and promote eco-friendly alternatives as per government directives.
22. **Training and Awareness:** Train employees and students through activities like the "Swachh Bharat Abhiyan"(Cleanliness Drive) conducted by NSS and various departments transforming them into "Go Green Specialists" and partnering to plant trees annually.
23. **Communication and Review:** Communicate the policy to students and employees through internal channels and make it available to all stakeholders on the institutional website. Regular reviews of the Environment and Energy Policy, objectives, and targets will be conducted under the guidance of the Principal.

The college aims to create a greener campus by aligning with these policies. The college is committed to a cleaner environment and encourages the use of bicycles within the campus.

### **Policy Document**

### **Restriction on Entry of Automobiles**

#### **Preface**

In order to ensure a safe and environmentally friendly ecosystem within the campus, the college restricts automobile entry to the campus as per the regulations of the Government of Maharashtra and institutional regulations. This will help in ensuring a sustainable green campus.

- Students are not allowed to use motorized vehicles inside the college campus.
- Bike races, motor car races or similar activities are not permitted inside the campus
- Vehicles are prohibited during celebrations within the college campus.
- All celebrations in the campus are conducted under the supervision of the Principal or the staff designated by the Principal.
- Designated parking areas are available for student vehicles, and entry beyond those points is strictly prohibited.
- Students are instructed to park their vehicles at the allotted place in parking shed.
- Stunting and racing of vehicles within and in a radius of 200 meters outside the campus are strictly banned.
- Employees are encouraged to use electric vehicles instead of fossil fuel vehicles or carpooling for their commute.
- Parking near the college building is allowed to handicapped students only and they have to park their vehicles at the area allotted.
- Road transport authority rules are applicable outside campus are enforced within the campus.
- Vehicle speeds are limited to 10 km/hr. within the campus.
- Students are strongly advised to use public transport or bicycles for commuting to college, promoting green initiatives and reducing pollution.

### Policy Document

### Use of Bicycles/ Electric/ Shared Vehicles

#### Preface

The college promotes shared mobility and clean transportation to ensure environmental sustainability, pollution reduction, energy efficiency, conservation, and a healthy ecosystem. As part of this commitment, bicycles are encouraged within the campus.

#### Objectives:

- Support the national commitment to reduce greenhouse gas (GHG) emissions.
- Improve air quality and refresh the atmosphere of campus.
- Promote shared mobility and clean transportation.
- Achieve operational efficiency and savings.
- Enhance physical health and general well-being through bicycle usage.
- Strive for a greener campus.

#### Strategies:

- To restrict fossil fuel-based transportation systems inside the campus.
- Encourage staff and students to use bicycles or shared public transportation or private (Carpooling)

#### Vehicles:

- Raise awareness among staff and students about the importance of switching to electric vehicles for daily commutes.

By implementing these policies and strategies, the college is committed to creating a green campus, preserving the environment, and inspiring eco-friendly practices among its stakeholders.

### Policy Document on

### Disabled-friendly, Barrier Free Environment

**Introduction:** Indira Mahavidyalaya Kalamb is dedicated to creating an inclusive and accessible environment for all individuals, including those with disabilities. This policy outlines the measures and facilities in place to support the needs of Divyangjan, ensuring equal access to education, facilities, and opportunities.

**Scope:** This policy applies to all students, staff, and visitors with disabilities within the premises of college

#### Facilities and Measures:

##### 5. Ramp Rails:

- All buildings are equipped with ramp rails to facilitate easy access for individuals with mobility challenges.

##### 6. Accessible Restrooms:

- Accessible restrooms are strategically located throughout the campus, designed to meet the needs of individuals with diverse abilities.

##### 7. Scribes for Exams:

- A scribe support system is available to assist students with disabilities during examinations, ensuring equal opportunity and a fair testing environment.

##### 8. Wheelchairs:

- Wheelchairs are provided on-site for individuals with mobility challenges to enhance their mobility within the campus.

**Training and Awareness:** The institution conducts regular training sessions for faculty, staff, and students to raise awareness about the needs and rights of individuals with disabilities. This includes training on the effective use of facilities such as ramp rails and wheelchairs, as well as providing guidance on scribe support during exams.

**Compliance:** This policy is in accordance with relevant national and international standards for accessibility and inclusivity.

**Feedback Mechanism:** An accessible feedback mechanism is established to gather input from Divyangjan individuals regarding the effectiveness of the facilities and services provided.

**Review and Revision:** This policy is reviewed periodically to ensure its relevance and effectiveness. Necessary revisions are made based on feedback, changing needs, and advancements in accessibility standards.

The college is committed to fostering an environment where Divyangjan individuals can thrive academically, socially, and professionally. By implementing and adhering to this policy, we aim to create a college community that values diversity and ensures equal opportunities for all.

### Subject: Sustainability Initiatives Exercised within Campus

Dear Students, Faculty, and Staff,

As part of our ongoing commitment to sustainability and environmental responsibility, we are pleased to announce several new initiatives aimed at fostering a greener and more sustainable campus. Your active participation and support are essential to the success of these efforts. The details of our sustainability initiatives are as follows:

- 1. Energy Conservation Sign Boards**  
Details: Sign boards indicating the importance of saving energy have been installed near all electrical fittings across the campus. These reminders are designed to encourage everyone to switch off lights, fans, and other electrical appliances when not in use.
- 2. Eco-Friendly Parking Policy**  
Details: To reduce vehicle emissions and promote a healthier campus environment, parking areas have been designated far from the main college buildings. This measure is aimed at minimizing pollution and encouraging walking.
- 3. Fostering Sustainable Commutes through Staff Carpooling**  
Details: We are promoting carpooling among our staff members to reduce the number of vehicles on the road, thereby decreasing our carbon footprint. Staff members are encouraged to participate in this initiative to support sustainable commutes.
- 4. Yearly Tree Plantation Drives**  
Venue: College Grounds and Surrounding Areas  
Details: As part of our commitment to increasing green cover, we will conduct yearly tree plantation drives. This event will involve planting saplings across the campus and in nearby areas. Students and staff are invited to take part in this important initiative.

### Report on Alternative Energy Sources and Energy Conservation Efforts

#### Introduction:

Indira Mahavidyalaya, Kalamb acknowledges the significance of alternative energy sources and energy conservation. The college is committed to diversifying energy usage and preserving energy resources. In recent years, concerns about depleting fossil fuels and their environmental impact have prompted us to take action in promoting alternative energy and energy efficiency.

#### Alternative Energy Sources:

The college has organized various energy-related workshops and programs. The college has installed a 03 KW solar power system, which has significantly reduced dependence on conventional energy sources. Additionally, a LPG-gas Powered Generator as a standby in the emergency coupled with Heavy Invertors as a backup have been installed on the campus. This helps produce less pollution when providing backup power supply.

#### Energy Conservation Measures:

To reduce energy consumption, the college has adopted energy-efficient measures. The college has replaced conventional light bulbs with long-lasting LED lights, which consume less energy. Energy-efficient we have all our office and academic halls and rooms fitted with Large sized windows, which eventually bring a lot of light which efficiently reduce electricity dependence.

#### Conclusion:

Indira Mahavidyalaya, Kalamb sets a benchmark in the field of energy conservation through its promotion of alternative energy sources and energy conservation. The college engages in awareness programs, to embrace green energy. This holistic approach not only benefits the environment but also contributes significantly to a more sustainable and energy-efficient future.

## Workshop on Conservation of Energy Resources at Indira College

### Representative/Kalamb

**Kalamb:** The Chemistry Department of Indira College, Kalamb, organized a thought-provoking workshop focused on the conservation of energy resources and lifestyle. The objective of this workshop was to explore innovative research methods related to environmental conservation. Dr. A.R. Patalbansi led the enlightening session. The workshop began with an inaugural speech from the Chemistry Department, highlighting the urgent need to address environmental challenges and promote sustainable lifestyles. Dr. Patalbansi explained various research methods developed to study energy conservation and environmental lifestyles, emphasizing their relevance and ethical considerations. Participants explored topics such as renewable energy sources, waste management, and sustainable practices, gaining valuable insights into innovative approaches for environmental conservation. Dr. Patalbansi's expertise and engaging delivery sparked lively debates and inspired the attendees to explore new avenues for research and intervention.

**ABOUT THE COLLEGE**

Indira Gandhi Kala Mahavidyalaya, Ralegaon was established in the year 2006. This college was blessed by the name of Indira Gandhi, the first lady Prime Minister of India. This college is offering undergraduate courses B. Sc. & B. A. The college is accredited by NAAC with 'B' Grade & affiliated to Sant Gadge Baba Amravati University, Amravati. The main objective of college is to provide opportunity for good quality of higher education to the rural & tribal students of this region. The college is putting more efforts for all-round development of student's personality through organizing various academic, co-curricular, entrepreneurship & skill-based training programmes. The faculty members of the college are actively involved in project & research work for solving local problems. The college is planning to start PG course in various subjects which will improve the employability of rural & tribal students. Today, college has acquired a prestigious position not only in Ralegaon region, but across the entire Yavatmal district.

**ABOUT THE DEPARTMENT OF CHEMISTRY**

The department was established in 2010. The department has well equipped laboratory and qualified teaching and supporting staff. It conducts various activities like inter-collegiate quiz competitions, exhibitions, short-term courses, workshops, industrial tours etc. for the development of students' personality and improving their professional skills. The Department is planning to establish research Centre for the Ph.D. research work and research which is useful to local society. The department has waste quality testing and soil testing facility.

### **National E-Conference on Role of Chemical Sciences in Sustainable Development**

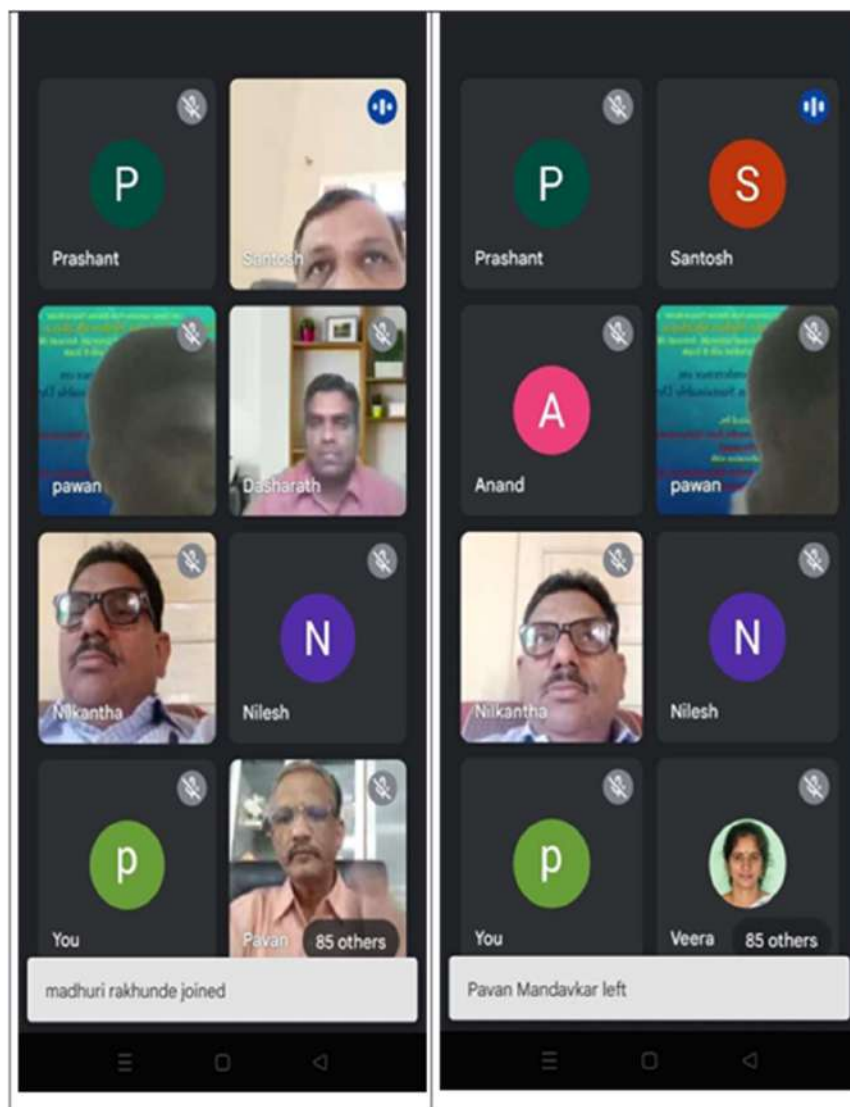

Deshunnati News Collection

**Ralegaon:** The Chemistry Department of Indira Gandhi Kala Mahavidyalaya, Ralegaon, in collaboration with Indira College, Kalamb, organized a national conference on "The Role of Chemistry in Sustainable Development" through virtual mode. Researchers, professors, and students from various states participated in large numbers. The event was chaired by the institution's president and former Education Minister Vasant Purke. In his keynote speech, he emphasized the importance of contributions from researchers, teachers, and students working in various fields of chemistry for the country's sustainable development and extended his best wishes to the conference.

Prof. Aswar, Head of the Chemistry Department, Sant Gadge Baba Amravati University, provided extensive information on the significant contributions of researchers in the field of chemistry towards sustainable development. Principal Dr. P.B. Mandavkar and Dr. P.S. Jawade highlighted the importance of the conference and extended their best wishes.

The college principal, Dr. Santosh Agarkar, elaborated on the objectives, importance, and the college's efforts in this field. The institution's secretary, Mrs. Premlata Purke, vice president V.C. Ade, and Mrs. Veera Mandavkar also extended their best wishes for the conference. The conference coordinators, Assistant Professor Satish Jadhav, conference secretary Dr. Dashrath Chavan, and Assistant Professor Vivek Samarth, organized the conference systematically.

## इंदिरा महाविद्यालयत ऊर्जा संवर्धनावर कार्यशाळा

लोकमत न्यूज नेटवर्क

कळंब: येथील इंदिरा महाविद्यालयाने ऊर्जा संवर्धना वर केंद्रीत विचारप्रवर्तक कार्यशाळा आयोजित केली होती. या कार्यक्रमाचे उद्दिष्ट ऊर्जा संवर्धनाच्या क्षेत्रात उदयोन्मुख तंत्रज्ञानाचा शोध घेणे होते. या कार्यक्रमास प्रा. भूषण भाटी हे प्रमुख मार्गदर्शक म्हणून लाभले होते. संपूर्ण कार्यशाळेत, सहभागींना ऊर्जा संवर्धनातील अलीकडील ट्रेंडचे सर्वसमावेशक विहंगावलोकन केले गेले, जे ग्राउंडब्रेकिंग तांत्रिक नवकल्पनांपासून ते वर्तणुकीतील बदलांपर्यंत पसरलेले आहे. प्रा. भाटी यांच्या सखोल चर्चांमध्ये नूतनीकरणक्षम ऊर्जा उपाय, ऊर्जा-कार्यक्षम पद्धती आणि ऊर्जा प्रणालींमध्ये स्मार्ट तंत्रज्ञानाचे एकत्रीकरण यांचा समावेश होता, ज्यामुळे उपस्थितांना विषयाची चांगली माहिती मिळते.

व्यावहारिक प्रात्यक्षिके आणि केस स्टडीने सैद्धांतिक संकल्पनांना बळकटी दिली, कृतीत यशस्वी ऊर्जा संवर्धन उपक्रमांची मूर्त उदाहरणे दिली. प्रा. भाटी यांनी ऊर्जा संवर्धनाच्या व्यावहारिक परिणामांवर दिलेला भर सहभागींच्या मनात खोलवर रुजला, ज्यामुळे त्यांना त्यांच्या वैयक्तिक आणि व्यावसायिक जीवनात शाश्वत पद्धती अंमलात आणण्यासाठी कृतीयोग्य धोरणे शोधण्यासाठी प्रेरणा मिळाली.

शिवाय, कार्यशाळेतने ऊर्जा संवर्धनाच्या व्यापक सामाजिक-आर्थिक आणि पर्यावरणीय परिणामांचा अभ्यास केला, ज्याने हवामान बदलाशी लढा देण्यासाठी, हरितगृह वायू उत्सर्जन कमी करणे आणि जागतिक स्थिरता वाढवण्यामध्ये त्याची महत्त्वपूर्ण भूमिका अधोरेखित केली. उपस्थितांनी स्थानिक आणि जागतिक स्तरावर ऊर्जा-कार्यक्षम उपाय स्वीकारण्याच्या बहुआयामी फायद्यांविषयी मौल्यवान अंतर्दृष्टी प्राप्त केली.

LOKMAT

### Workshop on Recent Trends in Energy Conservation

Lokmat News Network

**Kalamb:** Indira College in Kalamb organized a thought-provoking workshop focused on energy conservation. The aim of this program was to explore emerging technologies in the field of energy conservation. Prof. Bhushan Chati served as the chief guide for the event. Throughout the workshop, participants were given a comprehensive overview of recent trends in energy conservation, ranging from groundbreaking technical innovations to behavioral changes. Prof. Bhati's in-depth discussion included renewable energy solutions, energy-efficient practices, and the integration of smart technologies in energy systems, providing attendees with a thorough understanding of the topic.

Practical demonstrations and case studies reinforced theoretical concepts, offering tangible examples of successful energy conservation initiatives in action. Prof. Bhati's emphasis on the practical impact of energy conservation deeply resonated with the participants, inspiring them to explore actionable strategies for implementing sustainable practices in their personal and professional lives.

Furthermore, the workshop examined the broader socio-economic and environmental impacts of energy conservation, highlighting its crucial role in combating climate change, reducing greenhouse gas emissions, and enhancing global sustainability. Attendees gained valuable insights into the multifaceted benefits of adopting energy-efficient solutions at both local and global levels.

#### Awareness Program on Energy Conservation

Indira College Kalamb Geography Department organized an awareness program on energy conservation. The program emphasized the importance of energy conservation and outlined a primary plan to raise awareness among school members. The main goal of the event was to increase social awareness about energy conservation and educate school students about energy-saving measures. Participants from various fields of society, teachers, and students took part in the event. The program provided understanding and practical solutions for the importance of energy conservation.

Energy conservation is a crucial effort for our society. The primary objective of energy conservation is to reduce environmental impact by saving energy, minimizing the production of waste documents, and reducing experienced waste. Energy conservation is vital for protecting our environment, as it helps prevent illegal environmental emissions. Thus, energy conservation assists in combating pollution that threatens our environment, providing tangible benefits to our community and nation in terms of resource sustainability and environmental protection.

**अमरावती दर्शन** **यवतमाळ**  
स्पेशल

**ऊर्जा संवर्धनावर जागरूकता कार्यक्रम**

तालुका प्रतिनिधि/अमरावती दर्शन  
कळंब: इंदिरा महाविद्यालय कळंब येथील भूगोल विभागाने ऊर्जा संवर्धनावर जागरूकता कार्यक्रम आयोजित केला. कार्यक्रमात ऊर्जा संरक्षणाचे महत्व आणि शाळेतील लोकांमध्ये घाटावर करण्याच्या प्रथमिका योजना केली गेली होती. कार्यक्रमाचा उद्दिष्ट ऊर्जा संरक्षणाबद्दल सामाजिक जागरूकता वाढवणे आणि शाळेतील विद्यार्थ्यांना ऊर्जा संचयाच्या साधनांची जागरूकता करणे होते. कार्यक्रमा मध्ये समाजाच्या विविध क्षेत्रा मधील सहभागी, शिक्षक आणि विद्यार्थी सहभागी झाले होते. कार्यक्रमात ऊर्जा संरक्षणाच्या महत्वाची समज आणि वास्तविक उपाय यांचे शिक्षण

मिळाली. ऊर्जा संरक्षण हे आपल्या समाजातील एक महत्वाचे प्रयत्न आहे. ऊर्जा संरक्षणाच्या प्रथमिक उद्दिष्ट अर्थात ऊर्जा संचयाचा प्रयोग करून वातावरणाच्या प्रक्षेपाचा कमी करणे, अपशिष्ट कागदपत्र उत्पादनाचा कमी करणे, आणि अनुभवण्याचा कचरा कमी करणे आहे. ऊर्जा संरक्षण आपल्या पर्यावरणाच्या संरक्षणासाठी अत्यंत महत्वाचा आहे, त्यामुळे अवैध वातावरणाचे प्रक्षेपण कमी होते. अशा प्रकारे, ऊर्जा संरक्षण हे आपल्या पर्यावरणाच्या अभिजात वाटत असलेल्या प्रदूषणाचा विरोध करण्यात मदत करते आणि आपल्या समुदायात आणि राष्ट्रात शांती आणि संपत्तीच्या साधनांच्या वाटेत येणारा वास्तविक असा आहे.

**English version of News**

**Amravati Darshan Yavatmal Special**

**Awareness Program on Energy Conservation**

Taluka Representative/Amravati Darshan

Indira Mahavidyalaya, Kalamb, organized an awareness program on energy conservation through its Geography Department. The program aimed to highlight the importance of energy conservation and initiate primary plans to instill awareness among the local community within the school. The objective of the program was to increase social awareness about energy conservation and educate students about the benefits of energy-saving practices. Various participants from different sectors of society, including teachers and students, participated in the program. The event focused on imparting understanding of the importance of energy conservation and practical solutions.

Energy conservation is a significant effort within our society. The primary focus of energy conservation includes using energy-saving measures to reduce environmental emissions, minimize the production of waste paper, and reduce landfill waste. Energy conservation plays a crucial role in environmental protection by helping to combat illegal environmental emissions. Thus, energy conservation contributes to reducing pollution that threatens our environment and supports peace and prosperity within our communities and nation.

Awareness Programme on Energy Conservation	Department of Geography	Environment Awareness	20/01/2023	22

The Department of Geography organized an Awareness Programme on Energy Conservation on January 20, 2023, with the objective of promoting awareness about the importance of energy conservation and sustainable energy practices. The programme aimed to educate participants about the various ways in which they can contribute to conserving energy resources and reducing their carbon footprint.

The Awareness Programme on Energy Conservation witnessed active participation from 22 individuals, including students, faculty members, and community members. Participants gained valuable insights into the importance of energy conservation and practical strategies for reducing energy consumption and promoting sustainability.

### Circular

To: All Faculty Members, Staff, and Students

Subject: Initiatives for Management of Various Types of Degradable and Non-degradable Waste.

As we reflect on our achievements in waste management, upcoming initiatives aimed at further enhancing our environmental stewardship are:

**5. Enhanced Waste Segregation:**

- Strengthening segregation practices with designated bins for dry and wet waste.
- Emphasizing compliance with municipal guidelines for efficient recycling.

**6. Expansion of Organic Waste Management:**

- Optimizing Composting Pit operations to handle increased organic waste.
- Utilizing resulting compost as organic manure for campus gardens.

**7. Improvements in Chemical Laboratory Waste Management:**

- Enhancing treatment processes to pre-dilute liquid waste with water.
- Ensuring strict adherence to environmental standards for disposal.

**8. Strengthening E-Waste Management:**

- Continuing partnerships with authorized agencies for e-waste collection and disposal.
- Promoting responsible recycling practices to mitigate environmental impact.

These initiatives underscore our commitment to sustainable practices and responsible waste handling. We encourage everyone's participation in achieving our environmental goals for a cleaner and healthier campus.

### Report on Management of the various Types of Degradable and Non-degradable Waste

Indira Mahavidyalaya, Kalamb has established a comprehensive and systematic waste management program that aligns with municipal guidelines and promotes environmental sustainability. The college's approach includes meticulous segregation of waste, effective handling of organic waste, safe disposal of laboratory chemicals, and responsible management of electronic waste.

#### Waste Segregation at Source

The college emphasizes the importance of waste segregation right at the point of disposal. To facilitate this:

- **Separate Dustbins:** Different types of waste are segregated into designated bins across the campus. These include bins for dry waste (plastics, metals), wet waste (food scraps, organic matter), garden waste (leaves, branches), general garbage, paper waste, and e-waste (old electronics, batteries).
- **Recyclable Waste:** Recyclable materials such as paper and plastic are separated into specific bins for further processing and recycling. This practice reduces the burden on landfills and promotes recycling efforts.

Regular campus cleaning activities ensure that waste is correctly sorted and disposed of, contributing to a cleaner and more organized environment.

#### Organic Waste Management

To handle organic waste efficiently:

- **Composting Pit:** The college has constructed a composting pit where garden waste, kitchen scraps, and other organic matter are processed.
- **Composting Process:** Organic waste decomposes in the pit, creating compost over time. This compost is then utilized as organic manure for the campus gardens, enhancing soil quality and plant growth without chemical fertilizers.

This system transforms organic waste into valuable resources, promoting a circular economy and reducing greenhouse gas emissions associated with organic waste decomposition in landfills.

#### Chemical Laboratory Liquid Waste Management

The disposal of chemical waste from the college's laboratories is managed with care to minimize environmental impact:

- **Soak Pit System:** Liquid waste from chemical laboratories undergoes pre-dilution with water before being directed into a soak pit.
- **Safe Disposal:** This method ensures that harmful chemicals are sufficiently diluted, reducing their potential harm before they percolate into the soil.

This responsible approach prevents contamination of groundwater and soil, maintaining a safer environment for both the campus and the surrounding community.

## E-Waste Management

Electronic waste is a growing concern, and the college addresses this through:

- **Authorized Disposal:** E-waste such as outdated computers, electronic devices, and batteries are collected and handed over to certified e-waste management agencies.
- **Responsible Handling:** These agencies ensure that e-waste is recycled or disposed of in an environmentally sound manner, complying with e-waste regulations.

This partnership with authorized agencies ensures that electronic waste is managed efficiently, minimizing the environmental and health risks associated with improper disposal.

## Conclusion

Indira Mahavidyalaya, Kalamb's comprehensive waste management strategy underscores its commitment to environmental sustainability. Through diligent waste segregation, effective composting of organic waste, responsible chemical waste disposal, and proper e-waste management, the college sets a commendable example of how educational institutions can contribute to a greener and more sustainable future.

These practices not only reduce the environmental footprint of the college but also educate students and staff on the importance of responsible waste management, fostering a culture of sustainability within the campus community.

<b>REPORT</b>	
<b>Name of the workshop/ seminar/ conference</b>	<b>One Day Awareness Workshop on Single Use Plastics and Alternative Materials</b>
<b>Date</b>	<b>21/01/2023</b>
<b>Number of Participants</b>	<b>56</b>
<b>Venue</b>	<b>Seminar Hall</b>
<b>Name of the Resource Person</b>	<b>Dr. Deepak Bhagat Neharu Mahavidyalaya, Nerparsopant</b>
<p>The Department of Physics &amp; Electronics organized a One Day Awareness Workshop on Single Use Plastics and Alternative Materials at the Seminar Hall on January 21, 2023. The workshop, attended by 56 enthusiastic participants, aimed to enlighten attendees about the harmful effects of single-use plastics and explore sustainable alternatives.</p> <p>Dr. Deepak Bhagat from Neharu Mahavidyalaya, Nerparsopant, served as the resource person for the workshop. Through insightful presentations and interactive discussions, Dr. Bhagat highlighted the urgency of reducing plastic consumption and introduced eco-friendly alternatives.</p> <p>Throughout the workshop, participants actively engaged in discussions and shared their perspectives on plastic pollution. Dr. Bhagat's expertise deepened their understanding of the environmental challenges posed by single-use plastics, inspiring them to adopt greener practices in their daily lives.</p> <p>The workshop concluded with a collective commitment from participants to minimize their plastic usage and promote sustainability. Overall, the event was a resounding success, successfully raising awareness about the importance of combating plastic pollution.</p>

### Circular on Water Conservation Initiatives

Subject: Water Conservation Initiatives at Indira Mahavidyalaya Kalamb

As we continue to uphold our commitment to sustainable practices and environmental stewardship, we are pleased to announce the implementation of several new initiatives aimed at water conservation on our campus. These efforts are crucial not only for the efficient use of resources but also for contributing positively to our local ecosystem.

5. **Large Capacity Water Reservoir:** A significant step towards sustainable water management, a large capacity water reservoir has been constructed on our campus. This reservoir will not only store rainwater efficiently but also contribute to increasing the groundwater levels in our area.
6. **Efficient Rainwater Harvesting:** To maximize our water conservation efforts, pipelines have been installed to channel rainwater from all rooftops directly into the water reservoir. This system ensures that every drop of rainwater is captured and utilized effectively.
7. **Utilization of Open Well:** An open well on our campus is now being used as a monitoring tool for groundwater levels. This allows us to assess the impact of our conservation efforts and make informed decisions for sustainable water use.
8. **Trenches for Rainwater Runoff:** Trenches have been strategically dug across the campus to act as storage and to prevent rainwater runoff. This not only helps in conserving water but also minimizes soil erosion and enhances groundwater recharge.

These initiatives are part of our broader commitment to environmental responsibility and sustainability. We encourage all members of our college community to actively participate in these efforts by:

- **Conserving Water:** Being mindful of water usage and avoiding wastage wherever possible.
- **Supporting Maintenance:** Reporting any leaks or issues with water infrastructure promptly.
- **Educating Others:** Spreading awareness about the importance of water conservation and these initiatives.

Together, we can make a significant impact on our environment and contribute towards a more sustainable future for generations to come.

### **Report on Water Conservation Initiatives**

#### **Introduction:**

The college is a dedicated educational institution that places a strong emphasis on water conservation. The area though experiences adequate rainfall, but water runoff due to lack of large trees and plantations in the surroundings makes water runoff, making water conservation even more critical. The college has undertaken measures to safeguard and optimally utilize this precious resource.

#### **Rainwater Harvesting:**

The college has implemented a rainwater harvesting system, consisting of large water reservoir near the office which is connected through underground pipelines to Rooftops of College buildings. The harvested rainwater is used basically to recharge water table level and for other purposes there is open well for watering trees and plants during the dry summer months.

#### **Sewage Treatment:**

Drainage chambers have been strategically established on the campus of college, with wastewater pipelines connected to these chambers. These pipelines are further linked to the outside for proper drainage water disposal.

#### **Water Facilities in the Campus:**

The college takes meticulous care of its drinking water supply, storing it in a tank. A water purifier machine is available for students and staff. Routine inspections and maintenance by a local plumber ensure leak-free systems, and both the tanks and purifier machines are regularly cleaned.

#### **Conclusion:**

By diligently implementing these measures, the college not only conserves water but also raises awareness in the community. This collective effort helps maintain clean water sources and ensures an adequate supply for future generations. It is a significant step towards environmental protection and the responsible use of water resources.

**Indira College, Kalamb**

**Kalamb:** Indira Mahavidyalaya, Kalamb organized an awareness program titled "Importance of Soil and Water Analysis" under the auspices of the NSS unit. This program was part of ongoing efforts to enhance environmental awareness. The objective of the program was to educate participants about the significance of soil and water analysis and underscore their role in environmental conservation and sustainable development efforts. Students, teachers, and community volunteers actively participated in the program, engaging in discussions and activities. Participants gained valuable knowledge and practical skills related to soil and water analysis, thereby understanding the importance of monitoring and preserving environmental quality. The program contributed to increasing awareness of essential technologies for environmental conservation and fostering the creation of a sustainable and healthy environment.

### Report on

### Green Campus Initiatives (2018-19 to 2022-23)

#### Green Transportation:

The institute actively promotes eco-friendly transportation by encouraging students and staff to use bicycles and electric vehicles on campus. This initiative aims to reduce air pollution and support sustainable commuting.

#### Bicycle Usage:

Students are motivated to opt for bicycles over motorcycles as part of our commitment to environmental conservation. The college educates students about the importance of environmental protection and advocates for bicycle use. The majority of students and many staff members also prefer public transportation.

#### Ban on Plastic Use:

To protect the environment, The college has implemented a ban on plastic within the campus. Signage is prominently displayed throughout the college to remind everyone of this rule.

#### Enhanced Pedestrian Access and Walkways:

The college has undertaken proactive measures to create a pedestrian-friendly campus environment. The college has expanded internal pathways to provide ample space for pedestrians. Designated parking zones for two-wheelers and four-wheelers have also been established far from College buildings to prevent parking on walkways and also reduce pollutant gases near College Buildings. These measures have not only improved campus safety but also made it more accessible to the college academic community.

#### Landscaping with Trees and Plants:

Indira Mahavidyalaya, Kalamb has planted a variety of trees, including Kadu neem, Tamarind, and various flowering plants on campus. This lush greenery not only enhances the campus aesthetics but also contributes to air purification, noise reduction, and temperature control, creating a more pleasant and environmentally friendly atmosphere.

#### Energy Conservation Sign Boards

**Subject:** Installation of Energy Conservation Sign Boards on Campus

**Dear Students, Faculty, and Staff,**

As part of Indira Mahavidyalaya's ongoing commitment to sustainability and energy conservation, we are pleased to announce the installation of energy conservation sign boards throughout our campus. These sign boards serve as a vital reminder of the importance of saving energy and our collective role in environmental stewardship.

#### Details of the Initiative:

- **Location:** The sign boards have been strategically placed near all electrical fittings, including light switches, fans, and other electrical appliances.
- **Purpose:** The goal of these sign boards is to encourage everyone to switch off lights, fans, and other electrical devices when they are not in use. By doing so, we aim to reduce unnecessary energy consumption and promote sustainable practices within our campus community.

We urge all students, faculty, and staff to heed these reminders and actively participate in our energy conservation efforts. Together, we can make a significant impact on reducing our carbon footprint and promoting a more sustainable environment.

#### Eco-Friendly Parking Policy

**Subject:** Implementation of Eco-Friendly Parking Policy

**Dear Students, Faculty, and Staff,**

In our continued efforts to promote environmental responsibility, Indira Mahavidyalaya is introducing an Eco-Friendly Parking Policy aimed at reducing vehicle emissions and enhancing the overall health of our campus environment.

**Details of the Initiative:**

- **New Parking Designation:** All parking areas have been relocated to spots farther from the main college buildings. This measure is intended to minimize pollution by reducing the proximity of vehicles to high-traffic areas.
- **Health Benefits:** By encouraging walking, this policy supports a healthier lifestyle for everyone on campus, while also contributing to a reduction in vehicular emissions.

We encourage all members of our community to adhere to the new parking guidelines and embrace this initiative. Your cooperation will play a crucial role in making our campus greener and more sustainable.

#### Fostering Sustainable Commutes through Staff Carpooling

**Subject:** Promotion of Carpooling for Sustainable Commutes

**Dear Faculty and Staff,**

As part of our sustainability efforts, Indira Mahavidyalaya is excited to introduce a carpooling initiative for our staff members. This initiative aims to reduce the number of vehicles on the road, thereby lowering our carbon footprint and supporting sustainable commuting practices.

#### Details of the Initiative:

- **Carpooling Encouragement:** All staff members are encouraged to participate in carpooling arrangements with their colleagues. This not only reduces traffic congestion but also fosters a sense of community and collaboration among staff.
- **Environmental Impact:** By sharing rides, we can significantly decrease vehicle emissions, contributing to cleaner air and a healthier environment for everyone.

We believe that with your active participation, this initiative will be a successful step towards a more sustainable campus. Let's work together to make a positive impact on our environment.

## Fostering Sustainable Commutes Through Staff Carpooling

At our college, staff members embrace carpooling as a sustainable transportation solution. By sharing rides, we alleviate traffic congestion, cut carbon emissions, and reduce individual transportation costs.

Carpooling also fosters social connections and strengthens our sense of community. With dedicated resources and incentives, such as informational sessions, we actively support and promote this eco-friendly practice. Together, we're not just commuting, but contributing to a greener, more sustainable future for our campus and beyond.'

Carpooling – For Daily commute all of our Staff Members Obligatorily use CarPool (Shared ride)

## Use of Electric Vehicle.

Our institute encourages the use of electric vehicles, leading some students and staff to purchase EV bikes and others to plan for EV cars. We promote sustainability through awareness campaigns and educational initiatives. These efforts aim to foster an eco-friendly campus culture.

#### Yearly Tree Plantation Drives

Subject: Annual Tree Plantation Drive

Dear Students, Faculty, and Staff,

Indira Mahavidyalaya is pleased to announce our commitment to increasing green cover through our Annual Tree Plantation Drive. This initiative is part of our broader efforts to promote environmental sustainability and enhance the natural beauty of our campus and surrounding areas.

**Details of the Initiative:**

- **Venue:** College Grounds and Surrounding Areas
- **Event Timing:** The tree plantation drive will take place annually, involving the planting of saplings across various locations on our campus and in nearby regions.
- **Participation:** We invite students, faculty, and staff to actively participate in this meaningful event. Your involvement is crucial in making our campus greener and contributing to a healthier environment.

We look forward to your enthusiastic participation in the upcoming tree plantation drive. Together, we can make a lasting impact on our environment and foster a sustainable future.

#### **Tree Plantation for Environmental Awareness**

In Kalamb, under the leadership of Dr. Pawan Mandavkar, Principal, and NSS Officer Prof. D.S. Patil, the NSS unit organized a successful tree planting program to emphasize their commitment to environmental conservation. This program was part of ongoing efforts to promote sustainable practices and encourage community participation in environmental initiatives. The event attracted enthusiastic participation from NSS volunteers and local community members, all dedicated to improving their local environment. The program began with a brief orientation session, where participants were briefed on the importance of environmental stewardship, improving air quality, and fostering biodiversity through tree planting. Equipped with provided saplings and necessary tools, appointed groups ventured into designated planting areas. Under the guidance of experienced volunteers, participants meticulously planted various species of trees, ensuring each sapling was securely planted to enhance survival and growth prospects. Dr. Pawan Mandavkar and Prof. D.S. Patil expressed their appreciation for the community's commitment to environmental awareness and community involvement, underscoring the importance of creating a greener and more peaceful environment.

## Tree Plantation Programme

Date -15-07-22

Yearly Tree Plantation Drives: Embracing the spirit of conservation, the college organizes yearly tree plantation drives. This initiative not only enhances the aesthetic appeal of the campus but also contributes to mitigating carbon footprint and fostering biodiversity.

### इंदिरा महाविद्यालयात रासेयोतर्फे वृक्षारोपण

यवतमाळ ब्युरो. इंदिरा महाविद्यालय, कळंब येथे राष्ट्रीय सेवा योजनेद्वारे वृक्षारोपण कार्यक्रमाचे आयोजन केले होते. यावेळी महाविद्यालय परिसरात विविध प्रकारची झाडे लावण्यात आली.

यावेळी राष्ट्रीय सेवा योजनेचे स्वयंसेवक व प्राध्यापकांनी उत्स्फूर्त सहभाग घेतला. कार्यक्रमाचे अध्यक्ष महाविद्यालयाचे प्राचार्य डॉ. पवन मांडवकर होते. त्यांनी ग्लोबल वार्मिंगचा वाढता प्रादुर्भाव कमी

करण्यासाठी झाडे लावणे आवश्यक असल्याचे मत व्यक्त केले. कार्यक्रमाच्या यशस्वीतेसाठी रासेयो कार्यक्रम अधिकारी डॉ. डी. एम. चव्हाण व महिला कार्यक्रम अधिकारी डॉ. व्ही. पी. मांडवकर यांनी परिश्रम घेतले. याप्रसंगी उपप्राचार्य प्रा. एस. वाय. लखदिवे, प्रा. एन. व्ही. नरुले, प्रा. डॉ. एम. पी. राखुंडे, प्रा. एस. एस. राऊत, प्रा. सरयू बोंडे, डॉ. सूरज देशमुख, प्रा. एस. आर. जाधव, प्रा. आर. एम. भुरके, नरेश कोकांडे, शरद लोणबळे, हर्षदीप लभाने, बनकर, शिक्षकेत्तर कर्मचारी व विद्यार्थी उपस्थित होते.

### **Tree Plantation by NSS at Indira College**

**Yavatmal:** Bureau. A tree plantation program was organized at Indira College, Kalamb under the National Service Scheme (NSS). Various types of trees were planted in the college premises during this event.

NSS volunteers and professors enthusiastically participated in the program. The event was presided over by the college principal, Dr. Pawan Mandavkar. He expressed the opinion that planting trees is essential to reduce the increasing impact of global warming. NSS program officers Dr. D. M. Chavan and Women's Program Officer Dr. V. P. Mandavkar worked hard for the success of the event.

On this occasion, Vice-Principal Prof. S. Y. Lakhdive, Prof. N. V. Narule, Prof. Dr. M. P. Rakhunde, Prof. S. S. Raut, Prof. Sarayu Bonde, Dr. Suraj Deshmukh, Prof. S. R. Jadhav, Prof. R. M. Bhurke, Naresh Kokande, Sharad Lonbale, Harshdeep Labhane, Bankar, non-teaching staff, and students were present.

## Tree Plantation & Conservation Programme

### Report

Name of the Activity	Organising unit/ agency/collaborating agency	Name of the Scheme	Date	No. of Participants
Tree Plantation & Conservation Programme	NSS Unit	Environmental Awareness	07/09/2021	20

On the 7th of September, 2021, the NSS Unit organized a significant Tree Plantation and Conservation Programme. This event aimed to enhance environmental awareness and contribute to the sustainability efforts within our community. The programme saw the participation of 20 dedicated individuals, including NSS volunteers and local community members. Together, they planted numerous saplings in a designated area, ensuring each plant was properly positioned and supported for optimal growth. The participants also engaged in educational activities, learning about the importance of trees in combating climate change and promoting biodiversity. Through this hands-on experience, participants not only contributed to environmental conservation but also developed a deeper understanding of their role in preserving our planet for future generations. This successful event highlights the power of collective action and community involvement in addressing critical environmental issues.

## इंदिरा महाविद्यालयत झाडांना राखी बांधून संवर्धन

### लोक्सूत्र प्रतिनिधी

**कळंब:** इंदिरा महाविद्यालय, कळंब येथे एनएसएस युनिटच्या वतीने "झाडांसाठी राखी बांधून त्यांचे संवर्धन" या अनोख्या कार्यक्रमाचे आचोवन करण्यात आले. सामाजिक जनजागृती योजनेअंतर्गत आयोजित या कार्यक्रमात समर्थित सहभागींनी भाग घेतला. या अभिनव कार्यक्रमाचा उद्देश पारंपारिक राखी बंधन उत्तम आणि पर्यावरण संवर्धनाचा मजबूत संदेश यांचा सन्मान्य साधणे हा होतो. या कार्यक्रमात सहभागी व्यक्तींनी झाडांना राखी बांधून त्यांचे संरक्षण आणि संवर्धन करण्याची प्रतिज्ञा केली.

ही प्रतिज्ञा माबंदांच्या रचणालाक आणि आढळतीपूर्व वंशनासाराखीच होतो. कार्यक्रमातील सहभागींनी दाखवलेली सक्रियता आणि उत्साहामुळे, पर्यावरण संवर्धनावरून त्यांच्या समर्थनाची प्रतीती आली. "झाडांसाठी राखी बांधून त्यांचे संवर्धन" या कार्यक्रमाचे सांस्कृतिक परंपरेचा सन्मान ठरू केला, तसेच निवर्तणीची एक गहन नावे निर्माण केले. सहभागी विद्यार्थ्यांना पर्यावरणाच्या जपणुकीसाठी कुतिसील पावले उचलण्यास प्रवृत्त केले. हा कार्यक्रम पर्यावरण संवर्धनाची लढावटारी आणि निवर्तणीची बचनबद्धता निर्माण करण्यात यशस्वी झाला. प्राचार्य डॉ. पवन मंडवकर आणि एनएसएस अधिकाारी प्रा. प्रशांत जबाडे यांच्या मार्गदर्शनामुळे हा कार्यक्रम यशस्वीपणे पार पडला. त्यामुळे इंदिरा महाविद्यालय, कळंब येथे पर्यावरण जनजागृतीच्या दिशेने एक मजबूत पाऊल उचलले गेले.

#### Tree Conservation by Tying Rakhis at Indira College

**Kalamb:** Indira College, Kalamb, under the auspices of the NSS unit, organized a unique program titled "Tying Rakhis to Trees for Conservation." Dedicated participants took part in this event, organized under the Social Awareness Plan. The aim of this innovative program was to integrate the traditional Rakhi festival with a strong message of environmental conservation. Participants pledged to protect and conserve trees by tying rakhis to them.

This pledge was akin to the protective and caring bond between siblings. The enthusiasm and active participation of the attendees demonstrated their dedication to environmental conservation. The "Tying Rakhis to Trees for Conservation" event honored cultural traditions and fostered a profound connection with nature. It motivated participating students to take proactive steps in preserving the environment. The program successfully instilled a sense of responsibility and commitment to nature conservation. Under the guidance of Principal Dr. Pavan Mandavkar and NSS Officer Prof. Prashant Jawade, the event was successfully conducted. Thus, Indira College, Kalamb, took a significant step towards environmental awareness.

Rakshabandhan Programme with Tree for Its Conservation	NSS Unit	Social Awareness	30/08/2022	15

On August 30, 2022, the NSS Unit organized a unique Rakshabandhan Programme with Tree for Its Conservation under the Social Awareness scheme, involving 18 dedicated participants. This innovative event aimed to blend the traditional celebration of Rakshabandhan with a strong message of environmental conservation. The programme encouraged participants to symbolically tie rakhis around trees, signifying a pledge to protect and nurture them, much like the protective and caring bond between siblings.

The active involvement and enthusiasm of the 15 participants highlighted the community's dedication to environmental conservation. This Rakshabandhan Programme with Tree for Its Conservation not only celebrated a cultural tradition but also fostered a deeper connection with nature, encouraging participants to take actionable steps towards preserving the environment. The event successfully instilled a sense of responsibility and stewardship for nature, marking a meaningful and innovative approach to environmental awareness.

Awareness Programme on Preservation of the Ozone Layer	NSS Unit	Social Awareness	16/09/2019	25

On September 16th, 2019, the NSS Unit organized an insightful event titled "Awareness Programme on Preservation of the Ozone Layer" as part of the Social Awareness scheme. This initiative aimed to educate and sensitize participants about the importance of protecting the ozone layer, a crucial component of our planet's atmosphere. The event saw active participation from 25 individuals who were eager to learn about environmental issues and contribute to global sustainability efforts.

The program began with an informative session led by an environmental expert who provided an in-depth overview of the ozone layer's role in shielding the Earth from harmful ultraviolet (UV) radiation. The speaker explained the causes and consequences of ozone layer depletion, emphasizing the significance of the Montreal Protocol and global efforts to phase out ozone-depleting substances (ODS). Participants were engaged through a Real-world examples of how communities and countries have successfully reduced their ODS emissions were showcased, providing practical insights and inspiring the audience to take action in their daily lives. The event not only provided valuable knowledge but also inspired collective action towards preserving our planet for future generations.

### Report of Disable-Friendly Barrier-Free Environment

#### Introduction:

The college is dedicated to providing an inclusive campus that accommodates individuals with disabilities. Over the past few years, the college has implemented various infrastructure improvements, such as ramps and handrails, to facilitate easy movement for people with mobility challenges.

#### Supportive Examination Environment:

The college provides scribes for examination (if required) to students with disabilities and extra time during exams, aligning with university guidelines, to ensure they have ample opportunity to showcase their knowledge and skills.

#### Accessible Toilets:

The college has made provisions for accessible toilet facilities on the ground floor to ensure that disabled students can meet their personal needs comfortably and independently.

#### A More Inclusive Campus:

The college, in creating a barrier-free campus, has made it easy for individuals with disabilities to navigate our facilities. These enhancements not only reflect our commitment to diversity but also contribute to a more equitable and just society. By providing an accessible and inclusive environment, we promote equal opportunities for all, reinforcing our commitment to fairness and inclusivity.

### SANT GADGE BABA AMRAVATI UNIVERSITY GAZETTE

Official Publication of Sant Gadge Baba Amravati University

PART ONE

(Extra - Ordinary)

Tuesday, the 26<sup>th</sup> June, 2018

Direction

No. : 32/2018

Date : 26.6.2018

**Subject:- Facilities, exemption and concession for differently abled and Physically disabled examinee of Sant Gadge Baba Amravati University examinations.**

Whereas, the Ordinance No.6 and Ordinance No.18/2001 are in existence in respect of providing facilities and concessions for physically disabled students.

And

Whereas, the Government of Maharashtra, Department of Higher and Technical Education had issued G.R. dated 4<sup>th</sup> of March, 2017 in respect of facilities exemptions for physically disabled students.

And

Whereas, the Management Council in its meeting held on 2.6.2018 vide item No.86 has accepted the afore mentioned G.R. along with the report of committee appointed by Hon'ble Vice-Chancellor and directed to issue direction in this regard,

And

Whereas, the above said provisions are to be regularized by amending respective ordinances,

And

Whereas, aforesaid provisions are to be implemented from the Academic session 2018-19.

And

Whereas, making amendments to concerned ordinance is time consuming process ,

Now, therefore I, Dr. Murlidhar Chandekar, Vice-Chancellor, Sant Gadge Baba Amravati University, Amravati in exercise of powers conferred upon me under Sub-section (8) of Section 12 of the Maharashtra Public Universities Act,2016 do hereby direct as under-

- 1) This direction may be called, "**Facilities, exemption and concession for differently abled and Physically disabled examinee of Sant Gadge Baba Amravati University examinations.**"
- 2) This direction shall come into force from the date of it's issuance.
- 3) The following shall be the provisions for providing facilities, exemptions, concession for physically disabled students.
  - i) Principal of the respective affiliated college should prepare 'Disabled friends group' of minimum 10 friends out of which disabled students will select one of them who is willing to act as a writer for him/her. He can also select writer of his/her own choice.
  - ii) Examination centre will be the same college or nearer college to his/her house.
  - iii) Answer Books will be stamped as PWD and the necessary separate arrangements be made for evaluation.
  - iv) Differently abled students of all categories will be given additional 20 minutes per hour. besides the stipulated time span.
  - v) Marks should not be deducted for any types of grammatical or technical mistakes at the time of evaluation.
  - vi) Attendance is not mandatory for appearing in the university examinations.
  - vii) All other facilities are applicable as per this direction and guidelines given in the Maharashtra Government Resolution miscellaneous no.2016 No.302 dated 4<sup>th</sup> of March,2017.
  - viii) This direction provides 3% grace marks of the total marks (aggregate) in one subject for "Head passing written examination, oral /viva, practical, research project etc." or by divisions to the rest of the followings heads.
    - a) Fixed the 3% marks of the total (aggregate).
    - b) Add marks to the subject with least or minimum marks obtained, first and thereafter, second, Third, fourth and so on to the subjects in order of lower marks till the 3% of marks.
    - c) If needed, the marks as per the earlier ordinances (1/1985 and 18/2001) shall be awarded to the disabled candidates.

Tuesday, the 26<sup>th</sup> June, 2018

Direction

No. : 32/2018

Date : 26.6.2018

**Subject:- Facilities, exemption and concession for differently abled and Physically disabled examinee of Sant Gadge Baba Amravati University examinations.**

Whereas, the Ordinance No.6 and Ordinance No.18/2001 are in existence in respect of providing facilities and concessions for physically disabled students.

And

Whereas, the Government of Maharashtra, Department of Higher and Technical Education had issued G.R. dated 4<sup>th</sup> of March, 2017 in respect of facilities exemptions for physically disabled students.

And

Whereas, the Management Council in its meeting held on 2.6.2018 vide item No.86 has accepted the afore mentioned G.R. along with the report of committee appointed by Hon'ble Vice-Chancellor and directed to issue direction in this regard,

And

Whereas, the above said provisions are to be regularized by amending respective ordinances,

And

Whereas, aforesaid provisions are to be implemented from the Academic session 2018-19.

And

Whereas, making amendments to concerned ordinance is time consuming process ,

Now, therefore I, Dr. Murlidhar Chandekar, Vice-Chancellor, Sant Gadge Baba Amravati University, Amravati in exercise of powers conferred upon me under Sub-section (8) of Section 12 of the Maharashtra Public Universities Act,2016 do hereby direct as under-

- 1) This direction may be called, "**Facilities, exemption and concession for differently abled and Physically disabled examinee of Sant Gadge Baba Amravati University examinations.**"
- 2) This direction shall come into force from the date of it's issuance.
- 3) The following shall be the provisions for providing facilities, exemptions, concession for physically disabled students.
  - i) Principal of the respective affiliated college should prepare 'Disabled friends group' of minimum 10 friends out of which disabled students will select one of them who is willing to act as a writer for him/her. He can also select writer of his/her own choice.
  - ii) Examination centre will be the same college or nearer college to his/her house.
  - iii) Answer Books will be stamped as PWD and the necessary separate arrangements be made for evaluation.
  - iv) Differently abled students of all categories will be given additional 20 minutes per hour. besides the stipulated time span.
  - v) Marks should not be deducted for any types of grammatical or technical mistakes at the time of evaluation.
  - vi) Attendance is not mandatory for appearing in the university examinations.
  - vii) All other facilities are applicable as per this direction and guidelines given in the Maharashtra Government Resolution miscellaneous no.2016 No.302 dated 4<sup>th</sup> of March,2017.
  - viii) This direction provides 3% grace marks of the total marks (aggregate) in one subject for "Head passing written examination, oral /viva, practical, research project etc." or by divisions to the rest of the followings heads.
    - a) Fixed the 3% marks of the total (aggregate).
    - b) Add marks to the subject with least or minimum marks obtained, first and thereafter, second, Third, fourth and so on to the subjects in order of lower marks till the 3% of marks.
    - c) If needed, the marks as per the earlier ordinances (1/1985 and 18/2001) shall be awarded to the disabled candidates.

Date : 26.6.2018
